OH, THAT'S A GOOD IDEA!
SAY, FOR THE OMAKE THIS TIME, HOW ABOUT DRAWING HOW WONDERFUL PEDIATRICIANS ARE?
THAT'S GOOD
IN ACTUALITY, THERE ARE PEDIATRICIANS BETTER THAN EVEN MIKOTO OR AYAME I WANT TO PROPERLY DRAW THOSE PEOPLE---
N...NINE, NINE PAGES!?
THEN DRAW 9 PAGES
THEN YOU CAN SHOW THEM WHAT A WONDERFUL MANGAKA YOU ARE
That's like half the length of the weekly serialization (18 pages)!
I... I was tricked...
EVERYONE, I'LL SEE YOU AGAIN IN THE OMAKE

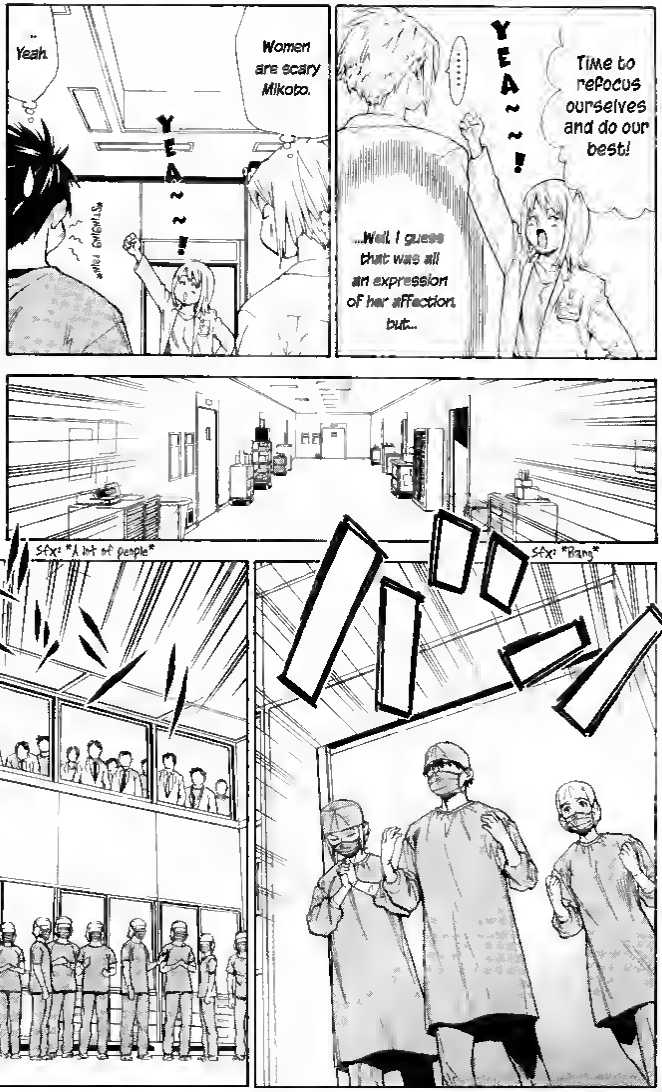
THE DIFFERENCE IN SIZE

SFX (both panels): *Punching*
SORRY!
SORRY!
EVEN IF IT'S FOR THE SAKE OF THE PATIENT, DON'T EVER DO THAT AGAIN!
HEY COME ON SENA
JEEZ, I WAS REALLY WORRIED ABOUT YOU DR. SAIJOU!
TRUE... BUT...
YOU HIT HIM TOO, YOU KNOW!
SIGH
HOW CAN YOU SAY THAT?!
I GET HOW YOU FEEL, BUT I THINK YOU SHOULD FORGIVE HIM ALREADY...
A-ANYWAY IT'S ALMOST TIME FOR THAT IMPORTANT SURGERY
Cough
Oh man.. I really lost it.
OOPS
I ACTUALLY HELD BACK.
ジーン
SFX: *Stinging pain*



Yeah.
Women are scary Mikoto.
YEA~~!
Shiver
YEA~~!
Time to refocus ourselves and do our best!
...Well, I guess that was all an expression of her affection, but...
SFX: *A lot of people*
SFX: *Pant*

WOW
I'M SURPRISED EVEN THE OBSERVATION ROOM IS FULL
OF COURSE IT IS
HEHE
EVERYONE REALLY WANTS TO LEARN
AFTER ALL, THIS IS THE FIRST NOTES PROCEDURE DONE THROUGH THE STOMACH
I DON'T THINK SO
WELL, IF IT ISN'T DR. SAIJOU
THERE ARE SOME HERE FOR OTHER REASONS
I HEARD FROM THE PATIENT'S MOTHER
TO THINK YOU TESTED ON YOURSELF IN ORDER TO FIND OUT HOW TO SAFELY PASS THROUGH THE STOMACH
YOU ARE INDEED THE BEST OF THE BEST
I WAS JUST SPEAKING WITH CHAIRMAN TAIRA UP THERE.

OF COURSE
WHAT? REALLY?
WITH A DOCTOR OF YOUR CALIBER, WE THOUGHT IT WOULD BE OKAY TO REVIVE PEDIATRIC SURGERY.
WE WILL BE HAPPY TO REVIVE PEDIATRIC SURGERY.
IF THIS SURGERY IS COMPLETED IN A PROPER MANNER, THE CHAIRMAN, DIRECTOR AND I WILL ALL SUPPORT IT.
.....
I AM ONLY HERE TO OBSERVE, BUT
THE REST OF YOU HAVE AN IMPORTANT TASK AHEAD OF YOU, SO GIVE IT YOUR ALL!
I WILL
HOLD ON, SOMETHING ISN'T RIGHT.
YEAH
ISN'T THAT GREAT DOCTOR? WE JUST NEED TO SUCCEED IN THIS SURGERY

YOU'RE OVER THINKING IT, DR. AYAME
I DOUBT THAT THAT CONNIVING MAN HAS GIVEN UP
IT'S TRUE THAT MY BROTHER'S INITIAL PLAN WENT TO HELL, AND THERE'S NOT MUCH HE CAN DO AT THIS POINT, BUT
I really wish I could be that idiotically optimistic.
THE ASSOCIATE DIRECTOR MUST HAVE REALIZED HE COULDN'T MATCH UP TO DR. SAIJOU AND DECIDED INSTEAD TO TAKE HIS SIDE
THE MORE CONNIVING A MAN IS, THE MORE LIKELY HE IS TO CHANGE CHARACTER AND TAKE SIDES WITH THE BETTER MAN
NOPE
-TURN-
HM? DID YOU SAY SOMETHING?
I can only pray that your prediction is right.
?

TODAY, DR. SAIJOU WILL ATTEMPT THE FIRST EVER NOTES PROCEDURE THROUGH THE STOMACH.
NOW, EVERYONE, ARE WE ALL READY? THIS IS THE ASSOCIATE DIRECTOR OF HEISEI CENTRAL HOSPITAL, KIRYUU SADAME.
AND SINCE THERE ARE MANY YOUNG DOCTORS AT THIS HOSPITAL, MOST OF YOU PROBABLY WON'T KNOW WHAT WILL BE GOING ON.
DEPENDING ON HOW WELL HE PRAISES US, I MIGHT JUST FORGIVE HIM.
DOES IT REALLY MATTER?
BAH HE NEGLECTED TO MENTION THAT EARLIER
HENCE, I WILL PROVIDE SIMPLE COMMENTARY DURING THE SURGERY, SO PLEASE DON'T WORRY.
"AHEM"
HOW OPTIMISTIC CAN YOU BE?
HE PROBABLY WANTS TO ASK US FOR FORGIVENESS BY PRAISING DR SAIJOU DURING THE COMMENTARY,

SO I'M SURE THIS COMMEN-TARY IS
IT'S ALRIGHT
I DON'T CARE WHAT YOU SAY THERE'S NO WAY HE WOULD GO THAT FAR
I'M BETTING HE'S FIGURED OUT SOME CRITICAL FLAW TO THIS SURGERY THAT WE HAVEN'T REALIZED YET
SO IT DOESN'T MATTER WHAT THE ASSOCIATE DIRECTOR IS THINKING
...
EVEN THOUGH IT'S A WORLD FIRST, I'VE DONE IT ALREADY ON MYSELF. THERE'S NO FLAW
...
I hope so.

NOW THEN, WE WILL BEGIN THE EXTIRPATION OF THE OVARIAN CYST USING THE NOTES TECHNIQUE.
INSERTING THE ENDOSCOPE
PASSING THROUGH THE ESOPHAGUS
AYAME I'M GOING TO CUT OPEN THE STOMACH
'KAY.
INSERTING AIR THROUGH THE FORCEPS.
① INFLATING THE STOMACH MAKES THE SURGERY EASIER
GOT IT
ONCE WE'RE THROUGH THE STOMACH WALL INFLATE THE SAND BALLOON.
★WHIRRR★
INCISION COMPLETE.

WHOA

INFLATE

AMAZING.

※ LIKE IN THE PICTURE BELOW, YOU ATTACH A RUBBER TUBE CALLED AN S TUBE, AND THEN INFLATE TWO BALLOONS TO PINCH THE STOMACH WALL.

I IMAGINE MOST OF YOU ALREADY FIGURED IT OUT, BUT AS SOON AS DR. SAIJOU PASSED THE ENDOSCOPE THROUGH THE STOMACH WALL HE INFLATED THE BALLOONS.

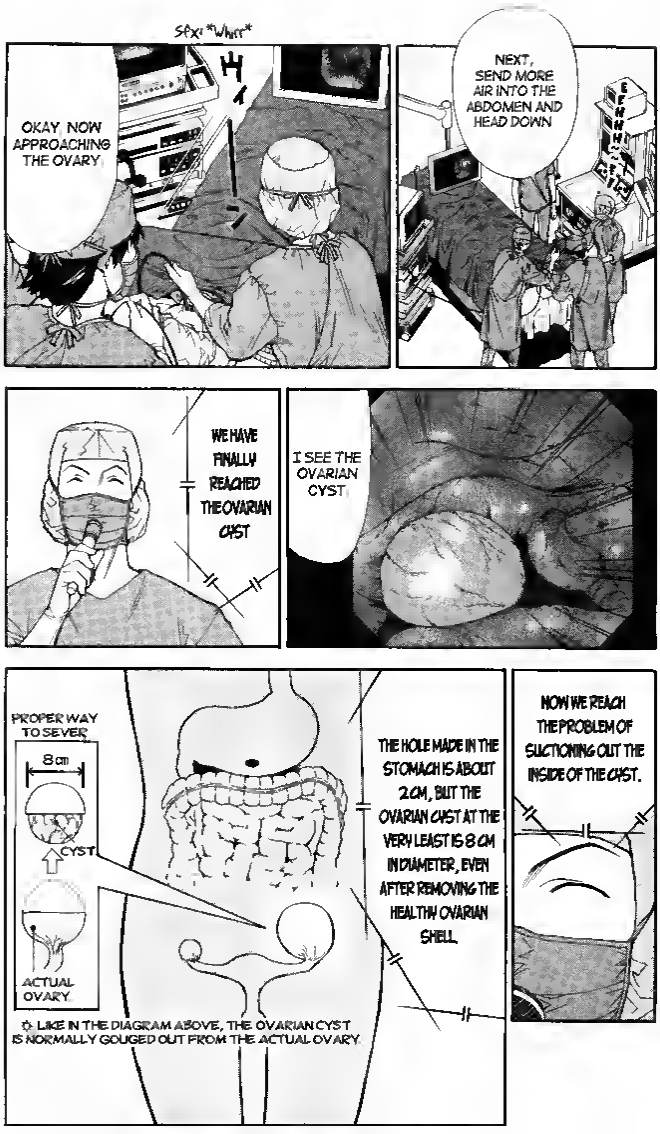
IN DOING THIS, THEY HAVE PREVENTED ANY LEAKAGE OF GASTRIC JUICES, WHICH COULD LEAD TO PERITONITIS

BY THE WAY, IT SEEMS THAT DR. SAIJOU TESTED THE SAFETY OF THIS TECHNIQUE ON HIS OWN BODY

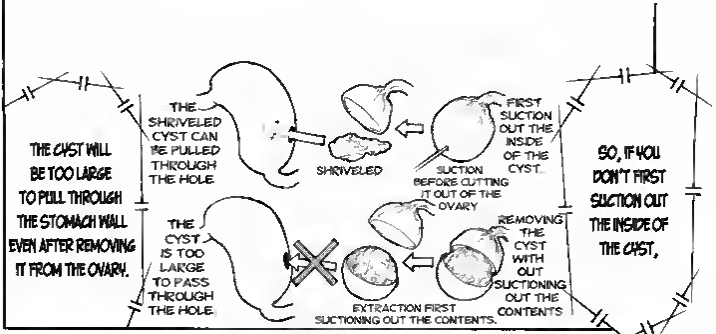
ALTHOUGH CUTTING YOUR STOMACH DOESN'T CAUSE TOO MUCH PAIN, IT STILL SHOWS HIS TENACITY TOWARDS THE SURGERY.

SEE? HE ONLY WANTS TO COMPLIMENT HIM.

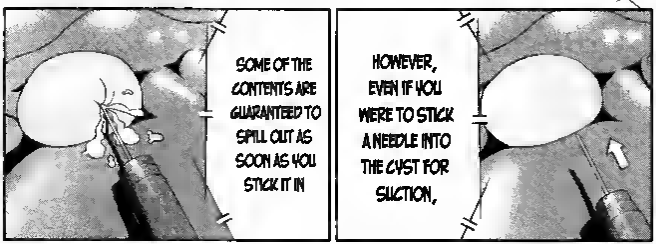
YOU JUST KEEP THINKING THAT...



SFX: *WHIR*
OKAY NOW APPROACHING THE OVARY
NEXT, SEND MORE AIR INTO THE ABDOMEN AND HEAD DOWN
WE HAVE FINALLY REACHED THE OVARIAN CYST
I SEE THE OVARIAN CYST
PROPER WAY TO SEVER
8cm
CYST
ACTUAL OVARY
☼ LIKE IN THE DIAGRAM ABOVE, THE OVARIAN CYST IS NORMALLY GOUGED OUT FROM THE ACTUAL OVARY
THE HOLE MADE IN THE STOMACH IS ABOUT 2CM, BUT THE OVARIAN CYST AT THE VERY LEAST IS 8 CM IN DIAMETER, EVEN AFTER REMOVING THE HEALTHY OVARIAN SHELL.
NOW WE REACH THE PROBLEM OF SUCTIONING OUT THE INSIDE OF THE CYST.



THE CYST WILL BE TOO LARGE TO PULL THROUGH THE STOMACH WALL EVEN AFTER REMOVING IT FROM THE OVARY.
THE SHRIVELED CYST CAN BE PULLED THROUGH THE HOLE
SHRIVELED
SUCTION BEFORE CUTTING IT OUT OF THE OVARY
FIRST SUCTION OUT THE INSIDE OF THE CYST.
SO, IF YOU DON'T FIRST SUCTION OUT THE INSIDE OF THE CYST,
THE CYST IS TOO LARGE TO PASS THROUGH THE HOLE.
EXTRACTION FIRST SUCTIONING OUT THE CONTENTS.
REMOVING THE CYST WITH OUT SUCTIONING OUT THE CONTENTS



SOME OF THE CONTENTS ARE GUARANTEED TO SPILL OUT AS SOON AS YOU STICK IT IN
HOWEVER, EVEN IF YOU WERE TO STICK A NEEDLE INTO THE CYST FOR SUCTION,

Oh crap!
I AM SURE YOU ARE ALL FULLY AWARE THAT SPILLING THE CONTENTS OF A CYST INTO THE BODY HAS THE RISK OF SPREADING IT SOMEWHERE ELSE.
THOUGH I AM SURE THAT DR. SAIJOU WOULD NEVER DO SOMETHING SO DANGEROUS...

LIKE MY BROTHER SAID, WHEN YOU EXTRACT A CYST USING THE NOTES TECHNIQUE, YOU HAVE TO FIRST DRAIN THE INSIDE OF THE CYST OR ELSE IT WON'T FIT BACK THROUGH THE HOLE.
WHAT DO YOU MEAN?
I SEE. SO THIS IS WHAT MY BROTHER WAS AFTER!
PLANTING THEMSELVES AROUND THE PERITONEUM, LEADING TO TUMORS.
BUT IF YOU DO THAT, A GOOD AMOUNT OF TUMOR CELLS WILL DEFINITELY SPILL OUT INTO THE BODY.
R-REALLY?!
SO WE'RE PRETTY SCREWED IF THEY ATTACK US ON THOSE RISKS WE'RE TAKING.
OF COURSE, IT'S NOT 100% SURE THAT THE SPILLAGE WILL LEAD TO TUMORS,
SO THERE ARE DOCTORS WHO DON'T THINK TWICE ABOUT STICKING THE NEEDLE IN DURING A LAPAROSCOPY, DESPITE THE RISKS.

OKAY, NOW WE'RE TAKING THE CYST TO THE STOMACH WITHOUT BREAKING IT.
HEY, WAIT!
SO THE ASSOCIATE DIRECTOR PLANS TO CRITICIZE US IN FRONT OF ALL THESE PEOPLE ON THE RISKS WE'RE TAKING?
EXACTLY.
REMOVED THE CYST FROM THE OVARY.
WHY?
IF WE DON'T DRAIN THE CYST FIRST, IT'LL BE TOO BIG TO FIT THROUGH THE HOLE!
YOU CAN'T JUST REMOVE THE CYST LIKE THAT, NO MATTER WHAT MY BROTHER SAYS!
REMOVING THE BALLOONS
2 > 8
2 < 8
Don't tell me he can't tell whether the 8 cm cyst is larger than the 2 cm hole?!
WHAT DO YOU MEAN, WHY..

ズズズズ
WE'RE GONNA PUSH THE CYST THROUGH THE STOMACH
SERIOUSLY?!
OH MY, WHAT'S GOING ON HERE?
THEY'RE TRYING TO PULL THE 8 CM CYST THROUGH THE 2 CM HOLE.
STOMACH
CYST
AS SEEN FROM THE SIDE.
Are you getting desperate because of the dangers I pointed out?
Hmph. You don't know when to give up, do you?
THE CYST IS FULLY SWOLLEN WITH THE FLUIDS INSIDE, SO IT SHOULD BE IMPOSSIBLE TO SQUEEZE IT THROUGH.
DUE TO THE SIZE OF THE CYST, I...
WHAT DOES DR. SAIJOU PLAN TO DO?
No matter how hard you try, you won't be able to fit a large thing through a small hole unless you can use magic.

TL NOTE: "I" MEANS STOMACH IN JAPANESE, HENCE WHY THEY MISUNDERSTAND, THINKING THE A.D. IS SAYING THE WORD STOMACH MANY TIMES OUT OF SHOCK.

Not good!
YES... OF COURSE...
IT'D BE REALLY HELPFUL...
COULD YOU PLEASE EXPLAIN IT TO US?
WE HAVE NO IDEA WHAT'S GOING ON
But if I don't start explaining it soon...
DR. SAIJOU ALREADY DEVISED A SPECIAL TECHNIQUE FOR IT!
I can't explain it to them since I have no idea what's going on.
EVEN THOUGH IT'S A SURGERY THAT'S NEVER BEEN DONE BEFORE,
I won't like it, but I guess I'll praise him some more to buy some time.
MAY-BE
HEY, MAYBE HE DOESN'T KNOW WHAT'S GOING ON HIMSELF?
SHOWS WHAT A GREAT DOCTOR HE IS...
ヒソ
ヒソ
ヒソ
DR. SAIJOU'S DEMEANOR ITSELF...
I'll just be praising him for the rest of the surgery.
SFX: *Whisper Whisper*

You'll pay for this, Saijou Mikoto...
OKAY. OVARIAN CYST HAS BEEN EXTR-- ACTED
Damnit. This is so humiliating.
SURGERY COMPLETE!
A-AHAHAH, TO ALL THE YOUNG DOCTORS...
I'll get you back For this For sure.
WHISPER
WHISPER
WHISPER
Talking with anger
YEAH, WHAT-- EVER.
SEE? HE JUST WANTED TO COMPLIMENT HIM.
LET US TAKE AFTER DR. SAIJOU AND CARRY THE FUTURE OF JAPAN'S MEDICINE...

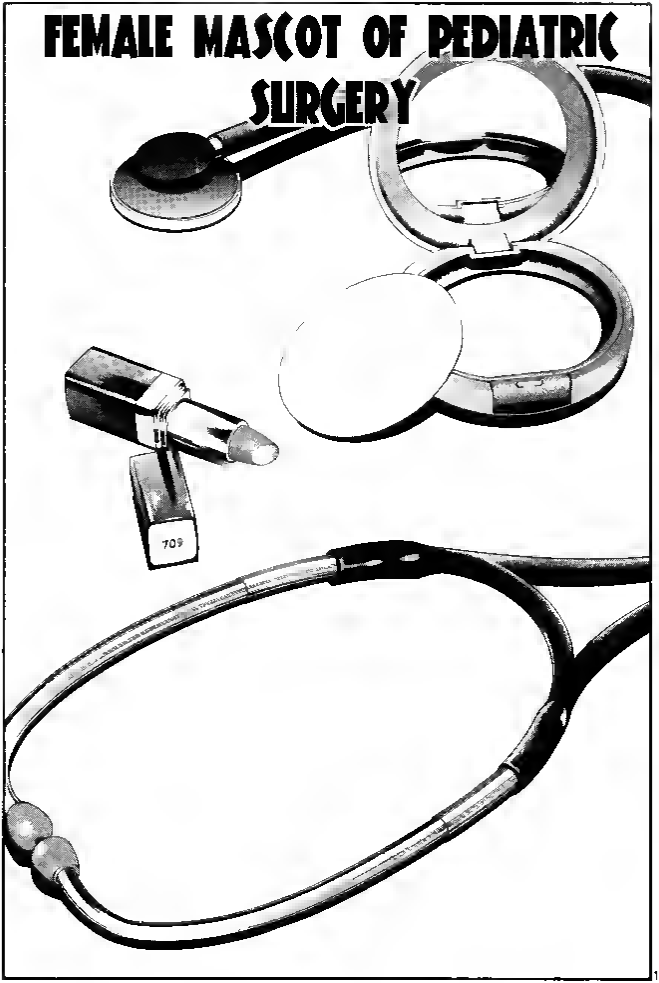
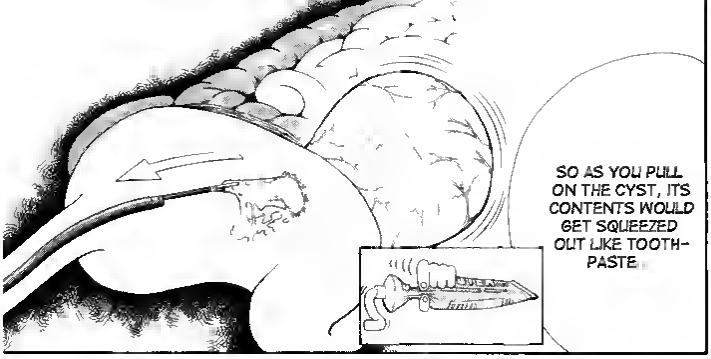
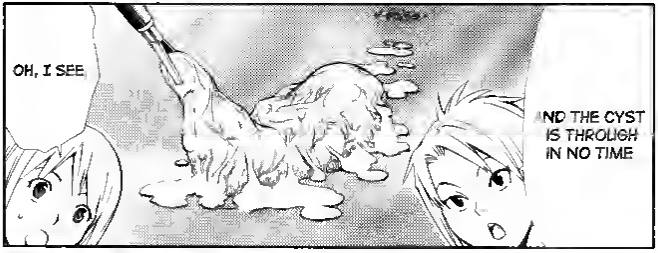
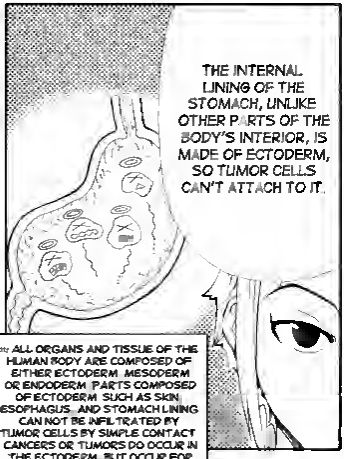
CHAPTER 17



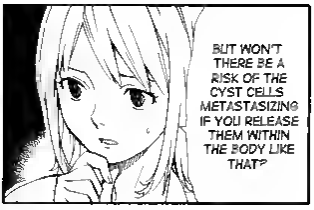
SO YOU MEAN, THAT TIME, DR SAIJOU
CAFE
えっ
SFX EEEEEH?!
BUT MIKOTO, AS SOON AS HE STARTED PULLING THE CYST THROUGH THE INCISION, HE MADE AN INCISION IN THE CYST ITSELF USING THE LASER.
YEP.
HE SPILT THE CONTENTS OF THE CYST IN THE STOMACH!?
WITH THE CYST DIAMETER BEING 8 CM AND THE GASTRIC INCISION BEING ONLY 2CM, YOU'D THINK THAT THERE'S NO WAY FOR IT TO PASS THROUGH

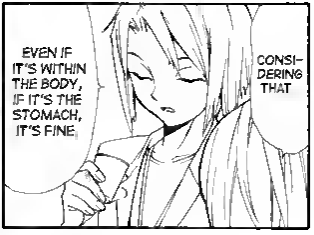




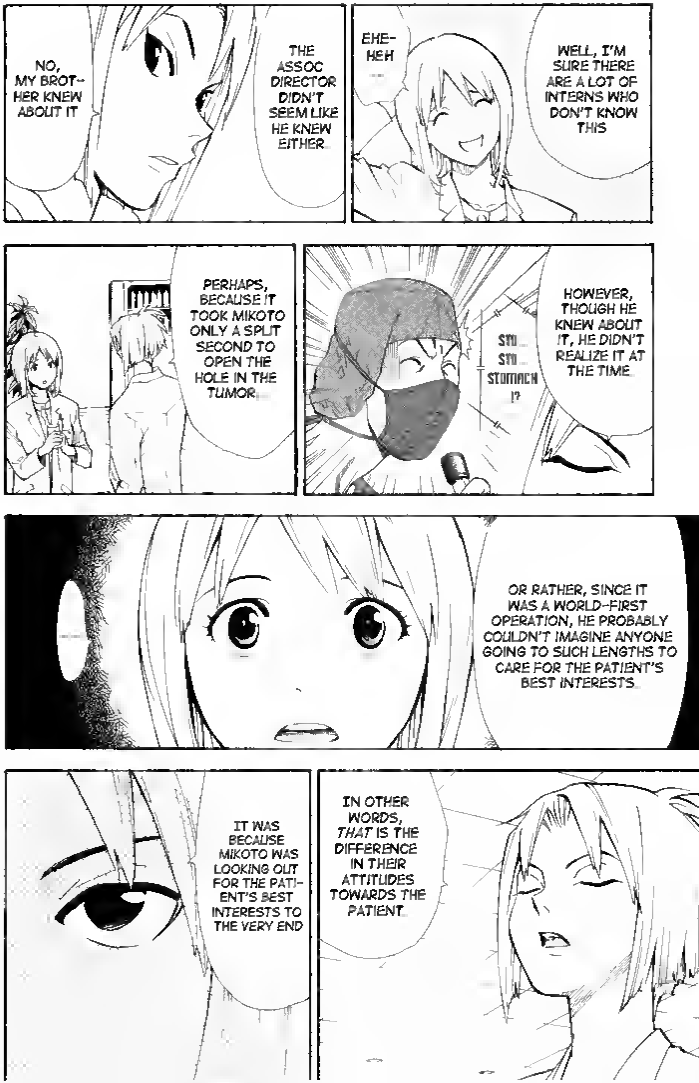


THE INTERNAL LINING OF THE STOMACH, UNLIKE OTHER PARTS OF THE BODY'S INTERIOR, IS MADE OF ECTODERM, SO TUMOR CELLS CAN'T ATTACH TO IT.





※ ALL ORGANS AND TISSUE OF THE HUMAN BODY ARE COMPOSED OF EITHER ECTODERM, MESODERM OR ENDODERM. PARTS COMPOSED OF ECTODERM, SUCH AS SKIN, ESOPHAGUS, AND STOMACH LINING CAN NOT BE INFILTRATED BY TUMOR CELLS BY SIMPLE CONTACT. CANCERS OR TUMORS DO OCCUR IN THE ECTODERM, BUT OCCUR FOR DIFFERENT REASONS, NOT THROUGH EXTERNAL CONTACT.



NO, MY BROT-- HER KNEW ABOUT IT
THE ASSOC DIRECTOR DIDN'T SEEM LIKE HE KNEW EITHER...
EHE-HEH...
WELL, I'M SURE THERE ARE A LOT OF INTERNS WHO DON'T KNOW THIS
PERHAPS, BECAUSE IT TOOK MIKOTO ONLY A SPLIT SECOND TO OPEN THE HOLE IN THE TUMOR...
STU... STU... STOMACH !?
HOWEVER, THOUGH HE KNEW ABOUT IT, HE DIDN'T REALIZE IT AT THE TIME...
OR RATHER, SINCE IT WAS A WORLD-FIRST OPERATION, HE PROBABLY COULDN'T IMAGINE ANYONE GOING TO SUCH LENGTHS TO CARE FOR THE PATIENT'S BEST INTERESTS...
IT WAS BECAUSE MIKOTO WAS LOOKING OUT FOR THE PATI-ENT'S BEST INTERESTS TO THE VERY END
IN OTHER WORDS, *THAT* IS THE DIFFERENCE IN THEIR ATTITUDES TOWARDS THE PATIENT.

Looking out for the patient's best interests to the very end, huh...
.....
...THAT HE WAS ABLE TO FAR SURPASS MY BROTHER'S IMAGINATIONS.
Dr. Saijou sure is amazing...
AHAHAHA
508
Sena, Nasuka
BUT, EVEN THOUGH WE DIDN'T OPEN YOU UP, AN OPERATION IS AN OPERATION
BUT, IT'S SO FUN BEING WITH YOU, DR. SAIJOU!
YOU'RE LAUGHING TOO MUCH...
HAHAHA

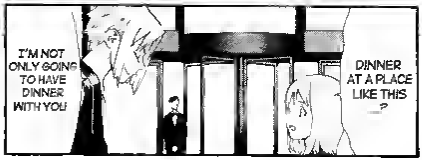
HMPH.
YOU SHOULD AT LEAST REST YOURSELF TODAY
ERM, DR. SAI-JOU
SINCE ONE OF MY OVARIES WAS OPERATED ON, DOES THAT MEAN IT'LL BE HARDER FOR ME TO HAVE KIDS?
NOT AT ALL.
SO, NOT REALLY
Oh, I was soooooooo worried...!
TUMOR
OPERATION
RECOVERY
OVARIES ARE KINDA STRANGE ORGANS... AS LONG AS YOU LEAVE A HEALTHY PART, IT REGENERATES BACK TO ITS ORIGINAL FORM.

Looks like she's in puberty.
OH REALLY?
BUT I'VE KINDA GOT A CRUSH ON THIS GUY ALL OF A SUDDEN...
ERR SINCE I WANT TO BE AN ACTRESS, I HAVEN'T REALLY THOUGHT ABOUT HAVING CHILDREN TILL NOW
You really think so!?
YOU DON'T HAVE TO WORRY! I'M SURE YOU'LL BE ABLE TO HAVE A CUTE BABY, NASUKA-SAN!
!?
PLEASE GO OUT WITH ME!
YEAH
OKAY THEN, DR SAIJOU

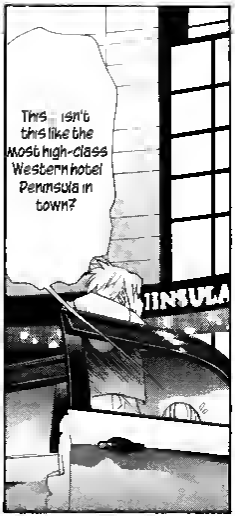
Oh doctor~♥
doctor~♥
Maybe not right now, but if it's you and me, I'm sure it'll be a cute and clever child!
EMERGENCY DEPARTMENT
Doctor, PLLEEEASE ~♥
WELL...
IS THAT WHAT YOU MEAN BY LOOKING OUT FOR THE PATIENT'S BEST INTERESTS TO THE VERY END?
UH, SENA-SAN...
SFX: BANG!
WE SEEM TO BE RUNNING LOW ON RINGER COULD YOU!

OH... Y, YOU'RE SO PREPARED
YES! THANK YOU!
YES, HERE'S THE RINGER!!
HEY, AYAME
B...BABY?
WITHOUT A DOUBT, I'M GOING TO HAVE AN UGLY BABY.
THEREFORE, THIS IS THE LEAST I CAN DO!
Snicker
Snicker
HUH!?
DID I DO SOMETHING WRONG AGAIN!?
IT'S YOUR FAULT, YOU KNOW.
WHY'S SENA-SAN ACTING SO PISSED OFF?

THANKS TO YOU, WE WERE ABLE TO DRIVE MY BROTHER INTO A CORNER AGAIN...
BEFORE YOU DO THAT, LET ME TAKE CARE OF IT FIRST
IN THAT CASE I GUESS I SHOULD APOLOGIZE
HUH...?
YES YOU DID, YOU DID
?
SO I WANT TO RETURN THE FAVOR
ERR, YES
ARE YOU GOING HOME NOW?
IN THAT CASE, YOU'RE HAVING DINNER WITH ME
HEY SENA
DR. AYAME

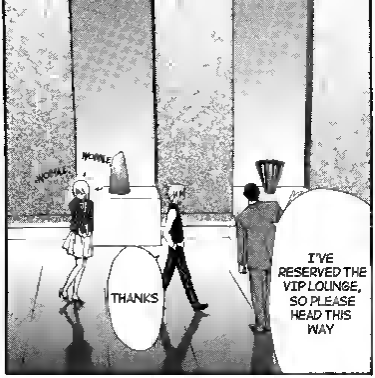


I'M NOT ONLY GOING TO HAVE DINNER WITH YOU!
DINNER AT A PLACE LIKE THIS ...?



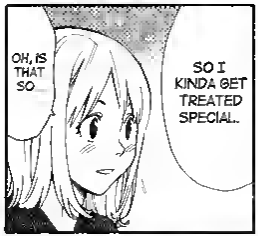
This... isn't this like the most high-class Western hotel Peninsula in town?
INSULA

WHAT!?
WELL, YOU'LL SEE SOON ENOUGH

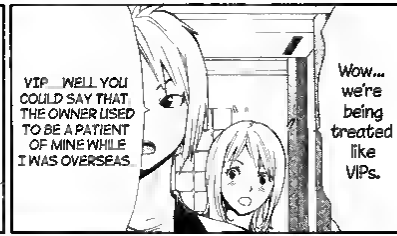


WHILE
WHILE
I'VE RESERVED THE VIP LOUNGE, SO PLEASE HEAD THIS WAY
THANKS

WELL WELL, IF IT ISN'T MASTER KIRYUU. WELCOME, WELCOME



OH, IS THAT SO...
SO I KINDA GET TREATED SPECIAL..



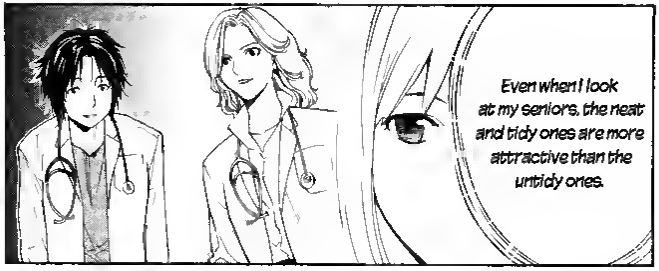
VIP... WELL YOU COULD SAY THAT THE OWNER USED TO BE A PATIENT OF MINE WHILE I WAS OVERSEAS.
Wow... we're being treated like VIPs.

Oh this is so delicious... This is authentic, Dr. Ayame...

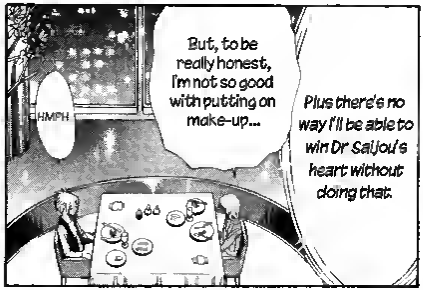
CHEW
CHEW
SEEMS LIKE EVEN YOU KNOW YOUR FOOD
This beef, sauted in red wine as well as this purple reduction... A taste like this takes quite a bit of work.
HMMM
OH NO, NO... I WOULDN'T CALL IT ANY-THING LIKE THAT...
UMP
A LOT OF PEOPLE WHO BECOME DOCTORS ARE RICH
PERHAPS YOU'RE A DAUGHTER OF SOME WEALTHY FAMILY?
TUITION'S EXPENSIVE AT VANON
SFX COUGH COUGH
WELL, YES
YOU LIKE MIKOTO, RIGHT?
I SEE WELL, YOU DON'T HAVE TO ANSWER THAT QUESTION, BUT...

WHO... WHO'S TRYING TO FOOL...
IT WON'T WORK EVEN IF YOU HAVE TWO HEADS
YOU CAN'T FOOL ME
WHAT'S THE BIG DEAL, ALL OF A SUDDEN!? I MEAN, I'M NOT....
BUT IF THAT'S THE CASE, COULDN'T YOU AT LEAST ACT A LITTLE MORE LADY-LIKE?
WELL, YOU DON'T NEED TO APOLOGIZE
YES, I ADMIT IT, I'M SORRY
I'm really getting it this time... but he's absolutely right. I can't answer back...
YOU'RE RIGHT...
HITTING, YELLING, CRYING, ACTING OVERALL LIKE AN IDIOT... EVEN IF IT'S MIKOTO, YOU THINK HE'LL EVER WARM TO YOU?

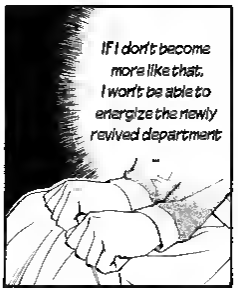
AS MY BROTHER WAS SAYING, YOU CAN EVEN REVIVE THE PEDIATRIC SURGERY DEPARTMENT RIGHT NOW...
WITH A DOCTOR OF YOUR CALIBER WE THOUGHT IT WOULD BE OKAY TO REVIVE PED ATRIC SURGERY
HAVING SUCCEEDED SUCH A BIG OPERATION IN FRONT OF CHAIRMAN TAIRA,MY BROTHER CAN'T DO ANYTHING AGAINST YOU
AND ALSO, HOW COME YOU DON'T WEAR ANY MAKE-UP, AREN'T YOU AN ADULT?
I MEAN I KNOW YOU'RE BUSY AND ALL BUT...
WE WILL BE HAPPY TO REVIVE PEDIATRIC SURGERY
IF THIS IS COMPLETED IN A PROPER MANNER THE CHAIRMAN DIRECTOR AND I WILL ALL SUPPORT IT
It's just as Dr Ayama is saying -
ALL THE MORE REASON WHY YOU SHOULD AIM TO BECOME AN ATTRACTIVE FEMALE DOCTOR, INSIDE AS WELL AS OUT
....!
IN THAT CASE, YOU'RE THE FEMALE MASCOT OF PEDIATRIC SURGERY
Health work is busy, and it's so easy to become loose with such things...



Even when I look at my seniors, the neat and tidy ones are more attractive than the untidy ones.



HMPH
But, to be really honest, I'm not so good with putting on make-up...
Plus there's no way I'll be able to win Dr Saijou's heart without doing that.



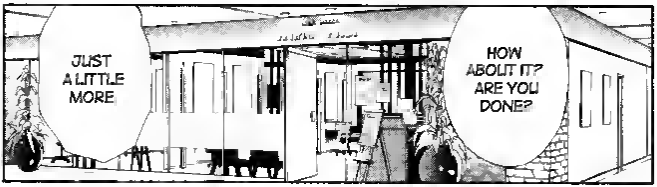
If I don't become more like that, I won't be able to energize the newly revived department

WELL, THAT'LL AT LEAST TAKE CARE OF THE OUTSIDE...

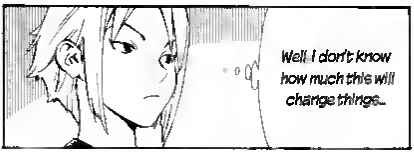
THE EXPERT MAKE-UP ARTIST OF THIS HOTEL WILL GUIDE YOU ON HOW TO APPLY MAKE-UP SUITABLE FOR A TIDY HEALTHCARE PROFESSIONAL.

THAT'S WHY I SAID THAT I'M NOT ONLY GOING TO HAVE DINNER WITH YOU

AND THAT IS WHERE YOU'LL BE BORN ANEW!
!

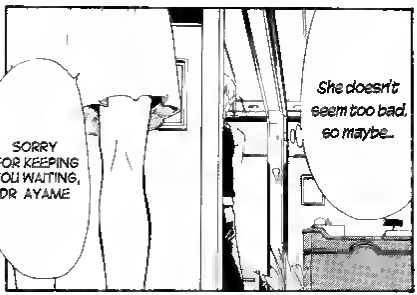


JUST A LITTLE MORE
HOW ABOUT IT? ARE YOU DONE?



Well, I don't know how much this will change things...

Please stop rushing already----
HMPH



She doesn't seem too bad, so maybe...
SORRY FOR KEEPING YOU WAITING, DR. AYAME

HOW DO I LOOK?
Whoa -
NOT BAD, I THOUGHT YOU WERE SOMEONE ELSE
yesssss!
Oh dear, what'll I do~~~??? Dr. Saijou is such a man of action...
What if he suddenly proposes to me tomorrow?
It seems that only the outside has changed...

WHAT CAN'T BE FIXED

HELLO, EVERY-ONE
MY NAME IS SENA MARIA A RESIDENT
IF YOU'RE WONDERING WHY I'M INTRODUCING MYSELF IT'S BECAUSE
Before
After
I've been reborn!
WHOA
DO YOU KNOW WHO THAT IS?
NO
THAT GIRL IS REALLY PRETTY
FuFuFu, no one even recognizes me...

UNTIL NOW, I WAS USELESS AND KIND OF DUMB,
BUT FROM NOW ON, I'LL BE A FEMALE DOCTOR WORTHY OF BEING THE FACE OF THE REVIVED PEDIATRICS DEPARTMENT
Sfx: *glistening*
MAYBE I CAN GET DR. SAIJOU TO NOTICE ME TOO...
AH
GOOD MORNING.
GOOD MORNING, DOCTOR!
GOOD MORNING, SENA-SAN
GOOD MORNING, DR. SAIJOU!
BUT THIS GUY IS PRETTY DENSE.
AHH!
FUFUFU, LET'S DO OUR BEST TODAY-
WHAT DO I DO IF HE DOESN'T NOTICE AT ALL?!
SENA-SAN... ARE YOU WEARING MAKE-UP?
Yay! He noticed!

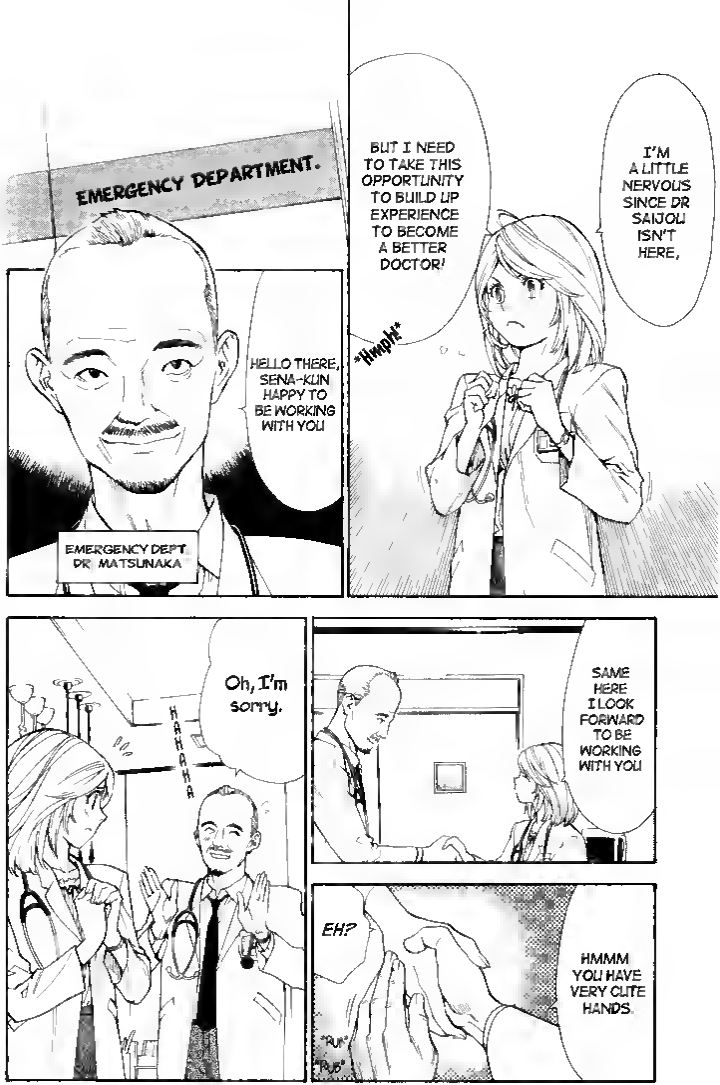
Wow! I'm so happy I could die! ♥♥♥
YEAH, YOU LOOK REALLY COOL!
Yawn
I HAD A LOT OF PATIENTS LAST NIGHT AND DIDN'T GET ANY SLEEP
YEA
ARE YOU OFF TO TAKE A NAP, DR. SAIJOU?
OKAY!
IF SOMETHING HAPPENS, DON'T HESITATE TO WAKE ME UP
Gotta do my best!
THOUGH AT THIS HOUR IT SHOULD JUST BE NORMAL OUTPATIENT EXAMINATIONS, SO THERE SHOULDN'T BE ANY PROBLEMS
DR. MATSUNAKA FROM THE EMERGENCY DEPARTMENT WILL BE WITH YOU WHILE I'M GONE
...So while we were eating last night, Dr. Saijou was on duty.

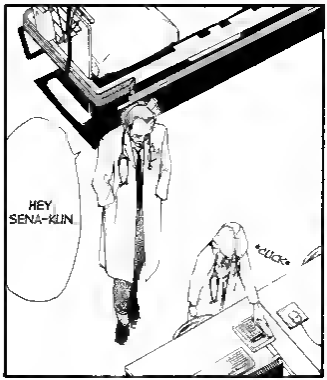


EMERGENCY DEPARTMENT.
HELLO THERE, SENA-KUN HAPPY TO BE WORKING WITH YOU
EMERGENCY DEPT DR. MATSUNAKA
Hmph!
BUT I NEED TO TAKE THIS OPPORTUNITY TO BUILD UP EXPERIENCE TO BECOME A BETTER DOCTOR!
I'M A LITTLE NERVOUS SINCE DR SAIJOU ISN'T HERE,
Oh, I'm sorry.
HAHAHA
SAME HERE I LOOK FORWARD TO BE WORKING WITH YOU
EH?
HMMM YOU HAVE VERY CUTE HANDS.
"PUI"
"PUI"

Come to think of it...
THANKS
YOU'RE JUST EXCEPTIONALLY BEAUTIFUL TODAY
SMIRK
I'M ENVIOUS OF DR. SAIJOU FOR BEING ABLE TO WORK WITH SUCH A CUTE GIRL EVERY DAY
I remembering hearing rumors From the nurses that this guy is actually just a perverted old man..
Oh yeah! Maybe Dr. Ayame will come visit like he always does!
How long are we gonna be alone together
What do I do?
PLEASE DON'T SAY THAT

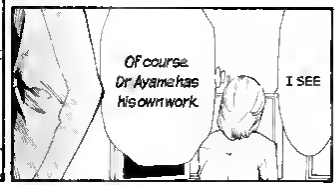
UM... THIS IS SENA FROM THE EMERGENCY DEPARTMENT
THIS IS THE CARDIO-VASCULAR DEPART-MENT

I have to thank him For last night anyway...
click



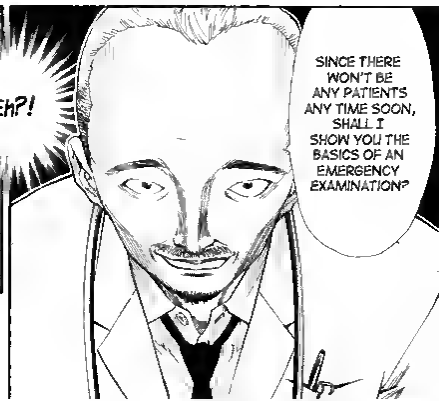
HEY SENA-KUN
click

OH DR. AYAME IS OPERATING RIGHT NOW
IS DR AYAME AVAIL-ABLE?



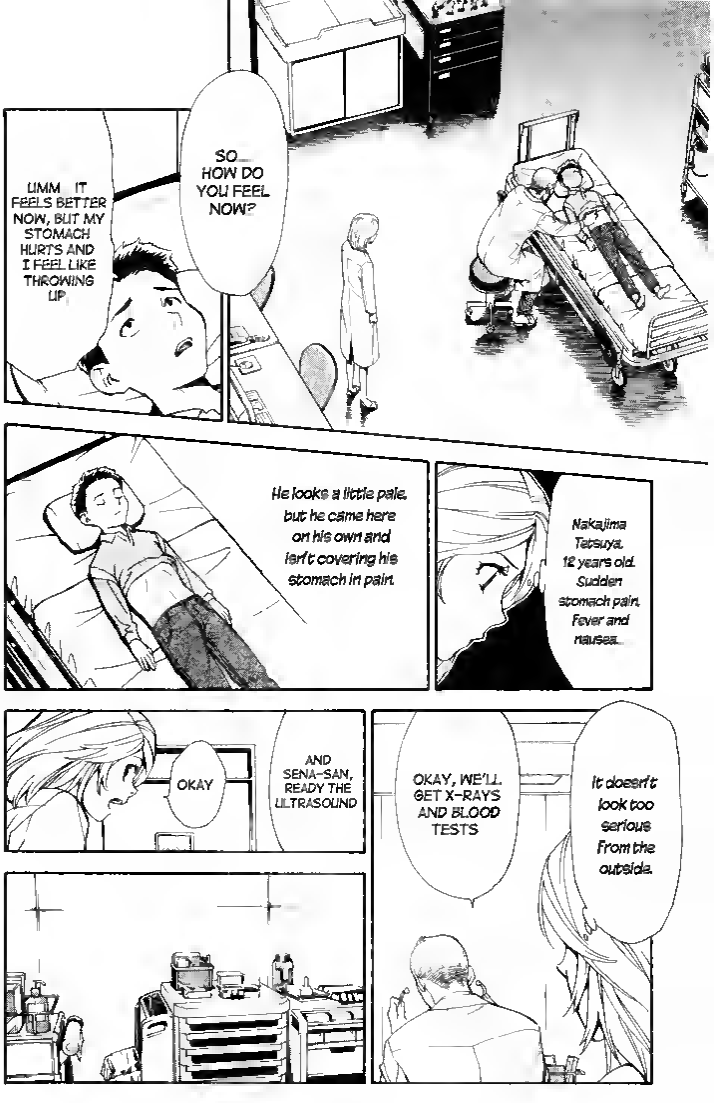
Of course. Dr Ayame has his own work.
I SEE

NO NEED TO BE SHY.
No, that's quite alright.



EH?!
SINCE THERE WON'T BE ANY PATIENTS ANY TIME SOON, SHALL I SHOW YOU THE BASICS OF AN EMERGENCY EXAMINATION?

RRRRR
SFX *RING*
THIS IS THE FRONT DESK
YES! THIS IS THE ER!
TOK
What?!
WHY DON'T YOU LAY DOWN RIGHT THERE.
YES PLEASE!
SHALL I SEND HIM TO YOU?
THERE'S A CHILD HERE WHO SAYS HIS STOMACH STARTED HURTING ON HIS WAY TO SCHOOL.
I SEE
WE HAVE A PATIENT, DR MATSU-NAKA!



SO... HOW DO YOU FEEL NOW?
UMM... IT FEELS BETTER NOW, BUT MY STOMACH HURTS AND I FEEL LIKE THROWING UP.
He looks a little pale, but he came here on his own and isn't covering his stomach in pain.
Nakajima Tetsuya, 12 years old. Sudden stomach pain, Fever and nausea...
OKAY
AND SENA-SAN, READY THE ULTRASOUND
OKAY, WE'LL GET X-RAYS AND BLOOD TESTS
It doesn't look too serious from the outside.

OKAY
I'LL GET YOU SOME MEDICINE, SO YOU CAN GO HOME ONCE THAT IV RUNS OUT
Gastroenteritis...?
HMM, IT LOOKS LIKE SOME BACTERIA GOT INTO THE GASTRO-INTESTINAL TRACT AND IS CAUSING INFLAMMATION
THE FLU?
BACTERIAL GASTROENTERITIS. BASICALLY, YOUR STOMACH HAS THE FLU
DR. MATSUNAKA, A WORD
UM OKAY
HEY, TETSUYA-KUN. COULD I FEEL YOUR STOMACH TOO?
I knew it.
YEAH
DOES IT HURT HERE?

HAHA-HAHA
HIS STOMACH IS PRETTY SWOLLEN FOR GASTROENTERITIS, AND HIS BLOOD TEST CAME BACK WITH A CRP OF 2.4. THAT'S A LITTLE HIGH.
DR. MATSUNAKA, ISN'T THERE A CHANCE THAT HE HAS APPENDICITIS?
WELL, WHATEVER
THAT'S NOT...
PLEASE, YOU'RE JUST A RESIDENT. YET YOU HAVE A PROBLEM WITH MY DIAGNOSIS?
APPENDIX
A TYPICAL ULTRASOUND SHOWING APPENDICITIS.
APPENDIX
TETSUYA-KUN'S ULTRASOUND.
IF IT WAS APPENDICITIS, THE APPENDIX WOULD BE SWOLLEN AND EASILY VISIBLE, BUT TETSUYA'S APPENDIX WAS PERFECTLY NORMAL.
DID YOU ACTUALLY SEE THE ULTRA-SOUND?

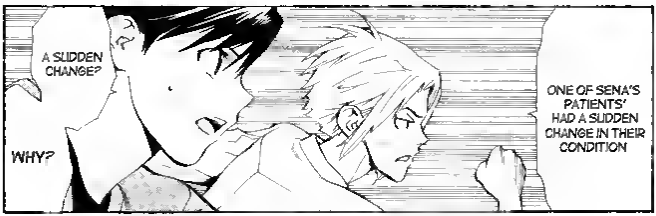
DO YOU INTEND TO OPEN UP A CHILD'S STOMACH IN HIS CONDITION?
I COULDN'T TAKE RESPONSIBILITY IF SOMETHING HAPPENED
NOT TO MENTION HE SAID HE WAS STARTING TO FEEL BETTER
WE CAN'T AFFORD TO GET SO INVOLVED WITH EVERY PATIENT WITH A MINOR ILLNESS
YES, BUT
What... what would Dr Saijou do in this situation?
He always had the kindness and courage to stand up for his patients...
THEN, HOW ABOUT THIS
WE CAN AT LEAST ADMIT HIM FOR OBSERVATION
AND IF IT TURNS OUT TO BE NOTHING

TL: THE SIGN LITERALLY SAYS "NAP ROOM", BUT I'M PRETTY SURE IT'S THE JAPANESE EQUIVALENT OF AN "ON-CALL ROOM"
ON-CALL ROOM
Yawn
THAT WAS A GOOD NAP

I'LL LET YOU TEACH ME THOSE BASICS OF EMERGENCY EXAMINATION JUST THE TWO OF US
burp

AYAME
SENN'S IN TROUBLE!
HEY, MIKOTO!
I didn't get any calls. Did everything go okay?

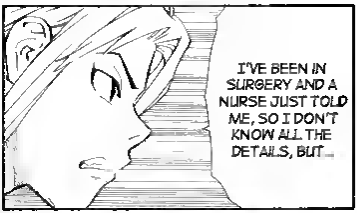
JUST COME WITH ME!
WHAT TROUBLE?



A SUDDEN CHANGE?
WHY?
ONE OF SENA'S PATIENTS' HAD A SUDDEN CHANGE IN THEIR CONDITION

NORMALLY, APPENDICITIS JUST MEANS AN INFLAMMATION OF THE APPENDIX, BUT PERFORATING IS DIFFERENT

PERFORATING... SO THE APPENDIX RUPTURED AND MADE A HOLE?
EXACTLY



I'VE BEEN IN SURGERY AND A NURSE JUST TOLD ME, SO I DON'T KNOW ALL THE DETAILS, BUT...

WHILE YOU WERE SLEEPING, A PATIENT CAME IN WITH A PERFORATING APPENDICITIS

APPENDICITIS
RUPTURES
PERFORATED APPENDICITIS
TYPICAL APPENDIX
PUS SPILLS OUT
WHEN THE PUS SPILLS OUT, THE PAIN GOES AWAY AND YOU THINK YOU'RE OKAY.
WHEN THE APPENDIX RUPTURES, PUS SPILLS INTO THE ABDOMEN, SO IT DOESN'T LOOK SWOLLEN ON THE ULTRASOUND.
AS SHOWN IN THE DIAGRAM ABOVE, IF THE PUS SPILLS OUT, THE SWELLING GOES DOWN AND LOOKS LIKE A NORMAL APPENDIX.
YEAH.
SINCE HIS CONDITION CHANGED SO SUDDENLY, IT MUST'VE CAUSED PERITONITIS. IF WE DON'T TAKE CARE OF THE PUS, THERE'S A CHANCE THAT ABSCESSES WILL FORM IN HIS PELVIS.
IT'S EASILY MISDIAGNOSED AS BACTERIAL GASTROENTERITIS, BUT IT'S A BIG PROBLEM.
DR. MATSUNAKA!
OPERATING

YEAH. HOW ABOUT THE PATIENT?
DID YOU GET A GOOD REST?
SO YOU CAME, HOTSHOT.
POINT
IT'S ALL THANKS TO YOUR DISCIPLE
HE'S FINE
I COMPLETELY MISDIAGNOSED IT, YET SHE LITERALLY PUT HERSELF ON THE LINE TO STOP ME
SHE'S ONE HELL OF A WOMAN.

HOW IN THE WORLD DID YOU RAISE HER TO BE LIKE THAT?
HEHE. I DIDN'T DO ANY-THING
SHE JUST HAS THE POTENTIAL
MAYBE
I BET SHE'LL BECOME AN AMAZING DOCTOR
JUST LIKE YOU.
Hmm. So she held out her own.
WHERE IS SENA-SAN?
DUNNO. BATHROOM MAYBE?
WELL, NEXT TIME YOU SEE HER, TELL HER I WAS IMPRESSED
OKAY

DURING SURGERY, YOU HAVE TO MATCH UP WITH THE LEAD SURGEON
JUST ONE MORE THING
I'LL BE SURE TO TELL HER THAT.
IF SHE KEEPS ASSISTING AT YOUR PACE, I'LL NEVER CATCH UP.
MY MAKE-UP GOT ALL MESSED UP DURING SURGERY!
WHAT ARE YOU TALKING ABOUT?
DON'T COME ANY CLOSER! DON'T LOOK AT ME!
Oh Man
HEY, SENA-SAN!
surprise

IF THAT'S WHAT YOU SAY
RIGHT AYAME ?
THIS IS THE PRETTIEST I'VE EVER SEEN YOU
WAA~~NNH, DR SAIJOU~~
EMERGENCY DEPARTMENT
IT SEEMS RECENTLY
THAT DR MATSUNAKA HAS GOTTEN PRETTY AMAZING

HE SAID I REMINDED HIM OF HIS OLD SELF WHEN HE HAD MORE PASSION.
I KNOW
THE NURSES SAY HE'S TAKEN MORE INTEREST IN PATIENTS AND HAS BECOME A BETTER DOCTOR OVERALL, LIKE HE'S A DIFFERENT PERSON.
Thanks to Mikoto, now even the girl he's nurtured has started to affect others.
HEH.
I didn't really do anything, but I'm really happy about it.
OH, BY THE WAY
Like an infinite tree diagram.

WELL NO... I JUST REALIZED SOMETHING FROM THAT INCIDENT
WAS IT BECAUSE IT GETS MESSED UP?
WHY DID YOU STOP WEARING MAKE-UP?
No matter how much she grows as a doctor...
even without make-up I'm so pretty ...
Oh, I get it.
YOU KNOW HOW
I wouldn't want to get so pretty that everyone falls for me. ♡
You can't fix stupidity.
You be careful too, Dr. Ayame.

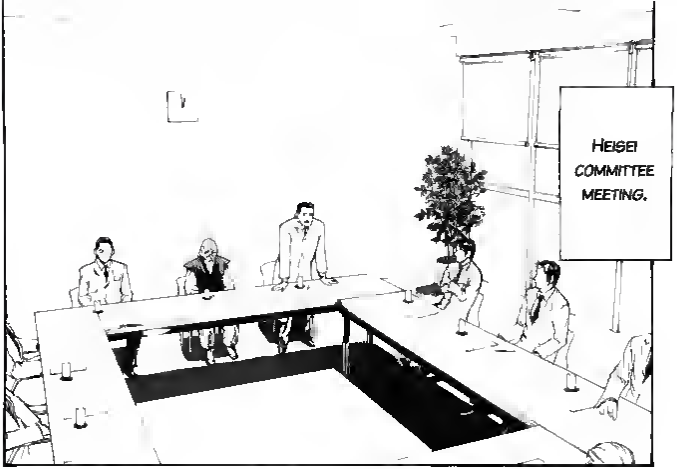
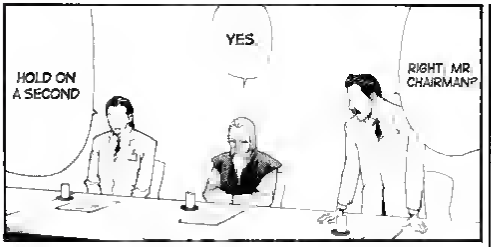
CHAPTER 19
A STRANGE SORT OF DOCTOR

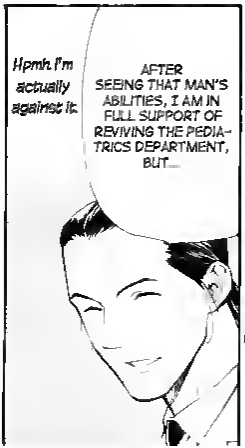


HEISEI COMMITTEE MEETING.

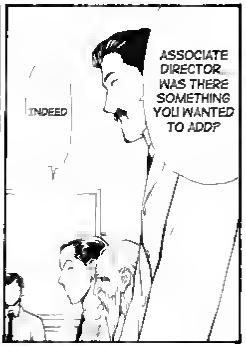


HOLD ON A SECOND
YES.
RIGHT, MR. CHAIRMAN?

WELL THEN, WE ARE ALL IN AGREEMENT THAT WE WILL REVIVE THE PEDIATRICS DEPARTMENT IN THE HEISEI CENTRAL HOSPITAL.



Hpmh. I'm actually against it.
AFTER SEEING THAT MAN'S ABILITIES, I AM IN FULL SUPPORT OF REVIVING THE PEDIATRICS DEPARTMENT, BUT...



INDEED
ASSOCIATE DIRECTOR, WAS THERE SOMETHING YOU WANTED TO ADD?

IT WOULD BE A GREAT LOSS FOR THIS HOSPITAL IF A GENIUS SUCH AS HE WERE TO BURN OUT FROM ALL THAT EXTRA WORK
I SEE.
I WAS JUST WONDERING WHO WILL BE THE CHIEF OF THE DEPARTMENT
No matter how good a doctor he is, the more patients that pediatrics gets, the more money we'll lose.
IF HE BECOMES THE CHIEF, HE WILL BE LADEN WITH ADMINISTRATIVE WORK ON TOP OF SURGERY
OF COURSE DR. SAIJOU IS ONE POSSIBILITY, BUT ..
HE TRANSFERRED TO RESPIRATORY SURGERY AND CURRENTLY HAS NOTHING TO DO WITH PEDIATRICS, BUT HE DOES HAVE EXPERIENCE.
BUT, IS THERE ANYONE ELSE QUALIFIED FOR THE POSITION?
ALL THE PEDIATRIC SURGEONS HAVE BEEN ABOLISHED FROM THIS HOSPITAL, SO THERE ISN'T ANYONE ELSE AS EXPERIENCED...
NO, THERE IS ONE.

EMERGENCY DEPARTMENT
THE FORMER ASST. CHIEF OF THE PEDIATRICS DEPARTMENT, DR. SAKAMOTO RYUJIMA.
WE DID IT, DR. SAIJOU!!
Hehe. Just leave the heavy lifting to me!
WE HAVE OUR OWN ROOM NOW, SO LET'S GET READY TO MOVE
WHO
SHEESH
YUP
THE COMMITTEE HAS OFFICIALLY REVIVED THE PEDIATRICS DEPARTMENT

Aww
I'M SURE MY BROTHER HAS SOMETHING TO DO WITH THAT SAKAMOTO RYUUMA? I BET HE'S SOME NO GOOD DOCTOR
THOUGH PEDIATRICS IS BACK, MIKOTO ISN'T THE CHIEF.
DON'T GET TOO HAPPY
APPARENTLY, HE USED TO BE A GREAT DOCTOR, WORTHY OF HIS NAME, BUT ..
IT'S TRUE, I HAVEN'T HEARD ANYTHING ABOUT THIS DOCTOR
TL NOTE: SHE IS REFERRING TO JAPANESE HISTORICAL ICON, SAKAMOTO RYUMA.
OH? YOU ALREADY KNEW?
DO YOU MEAN SAKAMOTO KAZUMA?
HIS SON
AFTER THE PEDIATRICS DEPARTMENT GOT DISMANTLED, HIS SON HAS BEEN HOSPITALIZED FOR HIS CONDITION. NOW HE'S BECOME A STRANGE SORT OF DOCTOR
HIS SON HAS SOME CONDITION THAT CAN'T BE FIXED THROUGH SURGERY, SO HE'S BEEN UNDER THE CARE OF INTERNAL PEDIATRICS*

* THE INTERNAL MEDICINE FOR CHILDREN

AS EXPECTED, YOU'VE BEEN CHECKING UP ON THE CHILDREN IN INTERNAL PEDIATRICS WHILE YOU'VE BEEN WORKING IN THE ER.
SFX: SLAM!
Dr. Ayame, you're amazing!
"PANT"
Phew... I think that's everything.
..I thought you said you could handle all the heavy lifting..
EHEHE, I GUESS I WASN'T OF MUCH USE AFTER ALL.

But I'm so happy now! ♡
UP UNTIL NOW, WE WERE ONLY BORROWING SPACE FROM THE EMERGENCY DEPARTMENT, SO OUR EXAMINATIONS AND OUR DESKS WERE IN THE SAME ROOM
But now we have this room all to ourselves!
We can do examinations in another room, and our desks can be filled with our own stuff rather than medicines!
Uhuh~~~
That's not something to be so amazed over
WELL, WHATEVER SINCE WE'RE DONE MOVING, I'M GONNA HEAD BACK TO MY DEPARTMENT

I WOULD IMAGINE SO
No one else should have one.
BY THE WAY, IS THAT DESK FOR DR. SAKAMOTO?
!!!
LATER
SEE YOU LATER, AYAME
THANK YOU SO MUCH!
IT LOOKS OLD, YET STILL KEPT VERY CLEAN.
MAYBE IT'S BECAUSE HE JUST MOVED, BUT THERE DOESN'T SEEM TO BE ANY PERSONAL ITEMS ON IT...
IT'S NOT THAT I DON'T PUT ANY ON, SWEETHEART
I JUST DON'T HAVE ANY IN THE FIRST PLACE

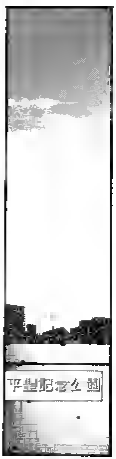
NICE TO MEET YOU
start straight
UHH ... SAME HERE ..
I'M SAKA-MOTO.
ARE YOU ...
I'M LOOKING FORWARD TO WORKING WITH YOU
I'M THE RESI-DENT
I ALREADY KNOW YOU GUYS' NAMES
NO NEED FOR INTRODU-CTIONS
TWO RULES ...?
YEAH SIMPLE, RIGHT? JUST TWO.
AND AS LONG AS I'M THE CHIEF HERE, YOU'LL NEED TO FOLLOW TWO RULES

DON'T EVER, DISOBEY ME.
!
FIRST, DON'T DISOBEY ME.
AND SECOND

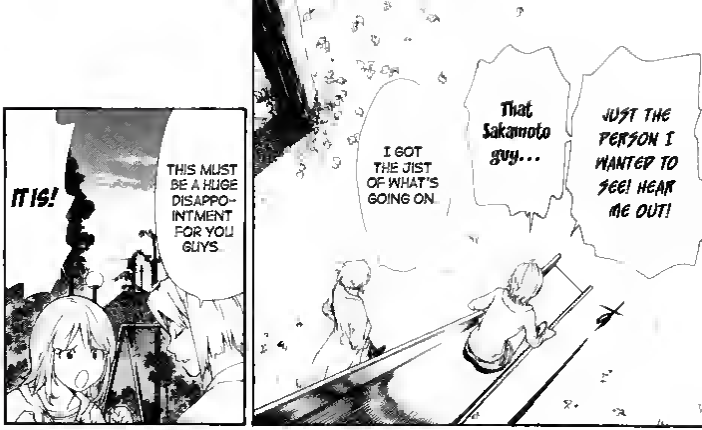
"DON'T EVER, DISOBEY ME",
WHAT A JERK!
RAWR!
WHISPER
WHAT THE HELL IS HIS PROBLEM?!
I'M NOT STRANGE OR ANYTHING, SWEETHEART
WHISPER
I GET WHY EVERYONE CALLS HIM STRANGE
WHA...!
FROM NOW ON, NO MORE WHISPERING IN THIS ROOM AT ALL, IF POSSIBLE
I HAVE PRETTY GOOD HEARING, SO I CAN HEAR EVERYTHING YOU SAY FROM OVER HERE
GEH!

I COULD HAVE ANYONE I WANTED SENT TO ANOTHER HOSPITAL, IF I SO DESIRED
IN THIS HOSPITAL, THE DEPARTMENT CHIEFS ARE ESPECIALLY POWERFUL

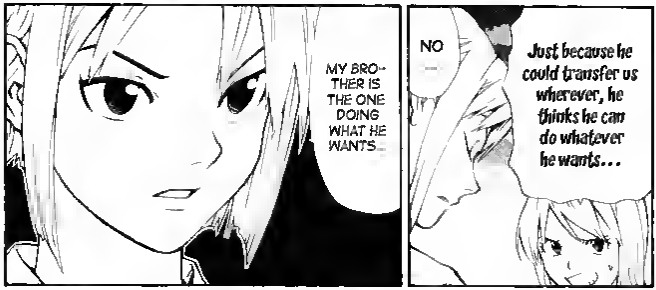
SFX: CHAIR CLATTERING



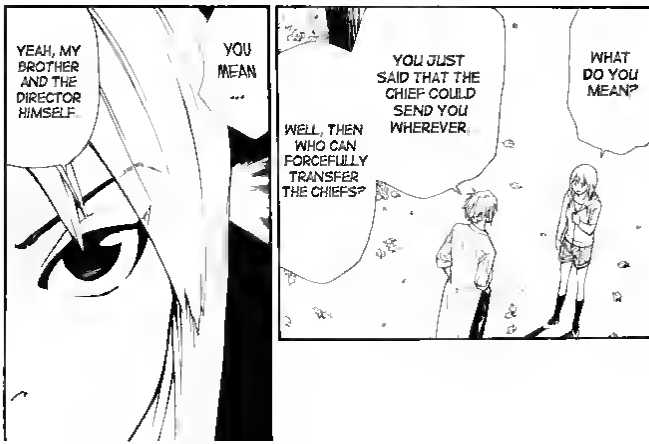
SAKAMOTO, YOU JERK!
HEY NOW
MAYBE I'LL DO ANOTHER ONE
Phew, that felt good.
JERK
JERK
JERK
JERK
JERK
NO MATTER HOW DESERTED THIS PLACE IS, THIS ISN'T THE OCEAN OR THE TOP OF A MOUNTAIN
DR. AYAME ...!



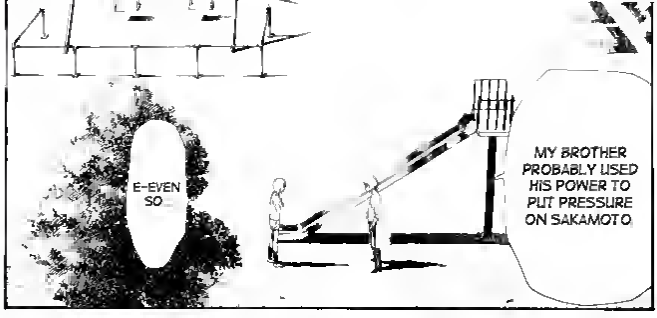
THIS MUST BE A HUGE DISAPPO-INTMENT FOR YOU GUYS...
IT IS!
I GOT THE JIST OF WHAT'S GOING ON.
That Sakamoto guy...
JUST THE PERSON I WANTED TO SEE! HEAR ME OUT!



MY BRO-THER IS THE ONE DOING WHAT HE WANTS...
NO...
Just because he could transfer us wherever, he thinks he can do whatever he wants...



YEAH, MY BROTHER AND THE DIRECTOR HIMSELF.
YOU MEAN...
WELL, THEN WHO CAN FORCEFULLY TRANSFER THE CHIEFS?
YOU JUST SAID THAT THE CHIEF COULD SEND YOU WHEREVER.
WHAT DO YOU MEAN?



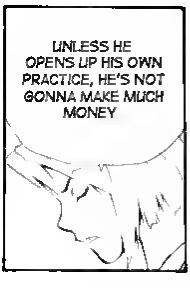
E-EVEN SO...
MY BROTHER PROBABLY USED HIS POWER TO PUT PRESSURE ON SAKAMOTO.

I still can't forgive Sakamoto!

BUT THAT GUY HAS A SICK SON, DOESN'T HE?

Just because he doesn't want to get transferred doesn't mean he has to take it out on us...
NORM-ALLY, YES.

SO IF YOU WERE GOING TO BE SENT AWAY WITH YOUR SICK KID, FORCED TO BUY A NEW HOUSE IN AN UNKNOWN PLACE...



UNLESS HE OPENS UP HIS OWN PRACTICE, HE'S NOT GONNA MAKE MUCH MONEY

WHAT WOULD YOU DO?
.....!
Kazuma
...
DR SAKA-MOTO
SO YOU DO HAVE SOME PERSONAL ITEMS
I'd do anything For you
...
FUFUFU

YOU SURE PUT KAZUMA'S PICTURE IN AN ELEGANT FRAME.
DAMN. SO YOU ALREADY KNOW ABOUT MY KID.
OF COURSE I HAVE MORE BELONGINGS AROUND,
BUT THERE'S NO REASON TO BRING THEM HERE.
THIS DEPARTMENT IS JUST GONNA GET TRASHED SOON ANYWAY.
I'M THE ASSOCIATE DIRECTOR'S LAP DOG. NOW THAT YOU KNOW YOU SHOULD JUST LEAVE PEDIATRIC SURGERY.
I DON'T MIND
HPMH I HEARD YOU WERE STUBBORN BUT I HAVE NO INTENTION TO STOP HARASSING YOU.
...Wait, what did you say?
I DON'T MIND LEAVING.

FIRST, LET ME TREAT YOUR SON
AND SECOND
What?!
BUT IN RETURN, I WANT YOU TO FOLLOW TWO RULES
YOU MUST LET ME TREAT YOUR SON!

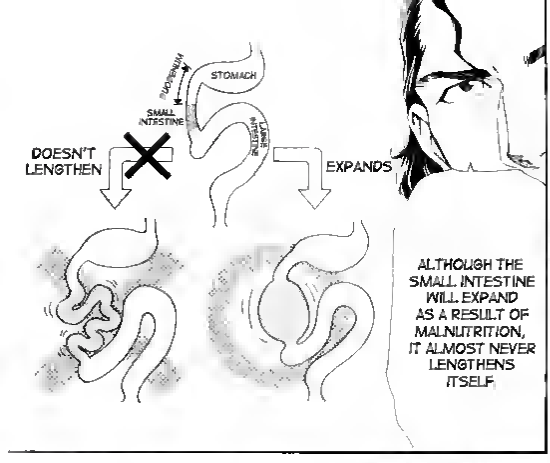
CHAPTER 20
HERO

KEEP TALKING BULLSHIT AND I WON'T LET YOU OFF EASILY PUNK!
YOU WANT TO TREAT MY SON?!
DUODENUM
STOMACH
20 CM
SMALL INTESTINE
LARGE INTESTINE
KAZUMA'S SMALL INTESTINE
NORMAL SMALL INTESTINE
NOW HE ONLY HAS 20 CM OF SMALL INTESTINE
BECAUSE OF MY SON'S INTESTINAL MALROTATION, HIS INTESTINES GOT CONSTRICTED AND THEY HAD TO REMOVE THE SMALL INTESTINE
SO DON'T
I KNOW ABOUT IT.
THAT'S WHY HE'S UNABLE TO NATURALLY ABSORB THE NUTRIENTS HE NEEDS, AND HAS TO STAY IN THE HOSPITAL TO GET NUTRIENTS INTRAVENOUSLY



STOMACH
DUODENUM
SMALL INTESTINE
JEJUNUM
ILEUM
DOESN'T LENGTHEN
EXPANDS
ALTHOUGH THE SMALL INTESTINE WILL EXPAND AS A RESULT OF MALNUTRITION, IT ALMOST NEVER LENGTHENS ITSELF.
HPMH. IF YOU KNOW ALL THAT, THEN WHY WOULD YOU BRING IT UP?

OH, I GET IT NOW
I KNOW, BUT...
No matter how great a surgeon you are, you can't make something short get longer without transplanting!

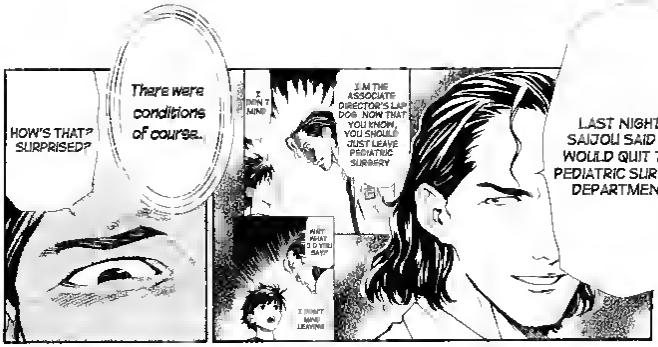
WELL, I THOUGHT ABOUT THAT TOO
YOU WERE THINKING OF TRYING THE ALL TOO POPULAR INTESTINAL TRANSPLANT, HUH?

BUT YOU KNOW WHAT? OF ALL THE ORGANS, THE SMALL INTESTINES ARE ONE OF THE MOST PRONE TO REJECTION AFTER TRANSPLANTATION ONLY 50% LIVE FOR MORE THAN FIVE YEARS AFTER THE TRANSPLANT.
YOU DUMBASS! I SAID I'M NOT GOING TO ...
I WASN'T GOING TO TRANS-PLANT
SO I'VE DECIDED NOT TO TRANS-PLANT.
What do you mean?!
!?
LENGTHEN THE SMALL INTESTINES
WAIT.. THEN WHAT WERE YOU PLANNING TO DO?
I'LL SHOW YOU
I'm going to cut apart the small intestines and reconnect them to make them longer!

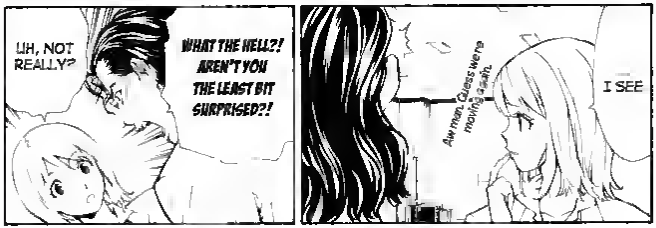
FIRST, TAKE THIS PIECE OF PAPER,
AND ROLL IT INTO A CYLINDER, PRETENDING IT'S THE 20 CM OF SMALL INTESTINES.
IN REACTION TO BEING SO SHORT, IT NATURALLY EXPANDS ITSELF IN ORDER TO ABSORB MORE NUTRIENTS.
AT THIS POINT, WE CUT IT LENGTH-WISE
AND RECONNECT THEM END TO END.
AND WITHOUT TRANSPLANTING, WE CAN GREATLY INCREASE THE LENGTH OF HIS INTESTINES
THIS IS CALLED A BIANCHI PROCEDURE.
WITH A NEW METHOD THAT I'VE DEVISED, I CAN INCREASE IT TO FOUR OR FIVE TIMES THE RESULT. MAYBE EVEN MORE.
Five... Five times?!

I couldn't get any sleep last night 'cuz of that guy.
sip
PHEW
THE NEXT DAY
PEDIATRIC SURGERY
No, he could probably even live a perfectly normal life.
It's true that if he can do what he says, Kazuma won't have to be stuck in the hospital for the rest of his life.
But I don't trust that Saijou guy yet...

"Glance"
"Glance"
GOOD MORNING!
Besides, why did he bring it up now?
IS DR. SAIJOU NOT HERE YET?
HPMH YOU DIDN'T KNOW?
HE'S BEEN WORKING CONSECUTIVE SHIFTS SO HE'S OFF TODAY.
.....!
Th-then, I'm trapped with this guy in this desolate room?!
KUKUKU
YOU LOOK NERVOUS.
BUT WAIT TILL I TELL YOU THIS.



HOW'S THAT? SURPRISED?
There were conditions of course.
I DON'T MIND
I'M THE ASSOCIATE DIRECTOR'S LAP DOG NOW THAT YOU KNOW YOU SHOULD JUST LEAVE PEDIATRIC SURGERY
WHAT WHAT DID YOU SAY?
I DON'T MIND LEAVING
LAST NIGHT, SAIJOU SAID HE WOULD QUIT THIS PEDIATRIC SURGERY DEPARTMENT.



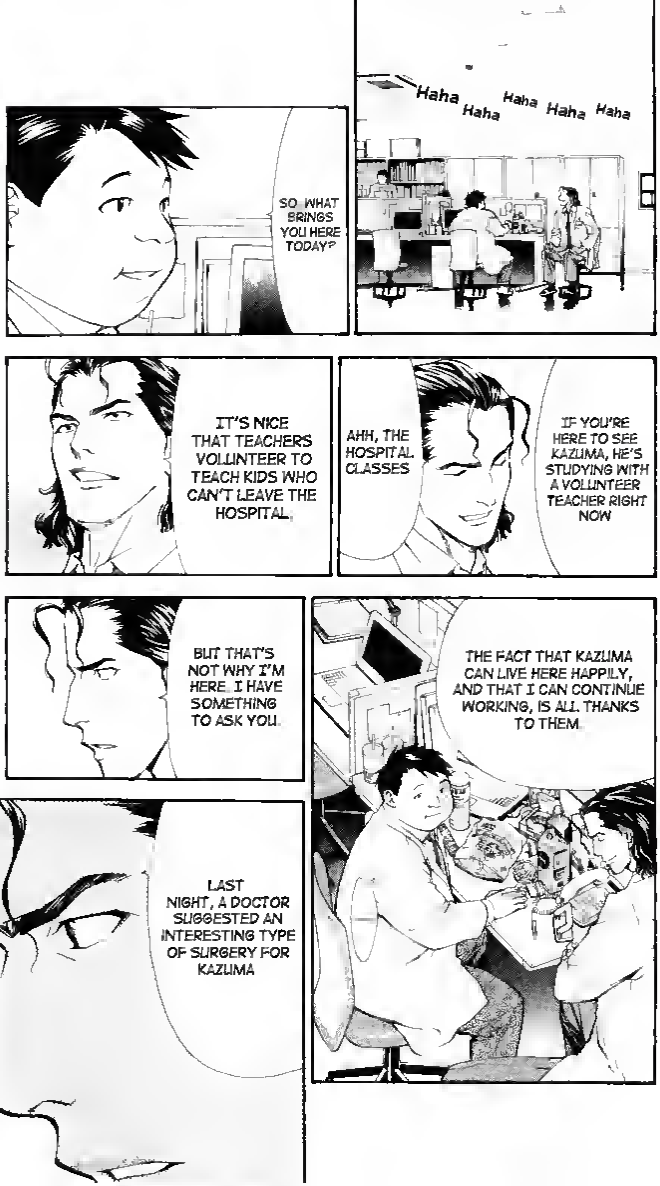
UH, NOT REALLY?
WHAT THE HELL?! AREN'T YOU THE LEAST BIT SURPRISED?!
Aw man, Guess we're moving again.
I SEE

What the hell ...
!
IF DR. SAIJOU THINKS IT'S NECESSARY, I'LL FOLLOW HIS DECISION.
I MEAN, THERE HAS TO BE A REASON BEHIND IT

Who the hell are these people?!
And an idiot who follows his decision without hearing the details.
A guy who's willing to sacrifice everything he's worked for for a complete stranger's son.
YEAH, I'M HERE.
HEY, IS METABO HERE?
INTERNAL PEDIATRICS, ITOU HIROKU
ホテトチップス
What a weird group of people...
INTERNAL PEDIATRICS
KNOCK
KNOCK

*SHORT FOR METABOLIC SYNDROME (OVERWEIGHT), THAT HE'S USING AS A NICKNAME

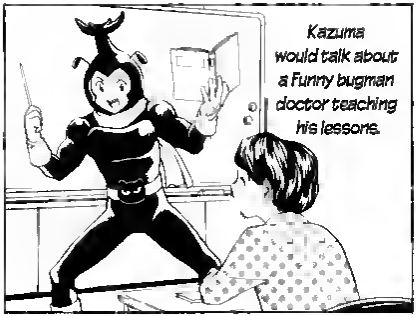
I DON'T CARE HOW FAT YOU GET, BUT DON'T LET IT AFFECT YOUR HEALTH
SERIO-USLY?
I'VE GOTTEN A LITTLE FATTER RECENTLY. THAT NICKNAME SUITS ME MORE NOW.
IT'S NOT THAT SURPRISING, IS IT?
IF I GOT SICK, I'D BE SCOLDED OUT BY A SCARY YET SURPRISINGLY INDULGENT FATHER.
I KNOW, I KNOW.
YOU'RE MY BELOVED SON'S PRIMARY PHYSICIAN, YOU KNOW?
WHOA!
FOR ME, IT'S TO THE EXTENT WHERE I ALMOST WANT TO PLAY A MASKED HERO ON TV.
Shut the hell up.
I REALLY CAN'T PICTURE THAT.
PEDIATRICIANS, REGARDLESS OF WHETHER THEY'RE IN INTERNAL OR SURGERY, ALL LIKE KIDS UNCONDIT-IONALLY.



Haha
Haha
Haha
Haha
Haha
SO, WHAT BRINGS YOU HERE TODAY?
IT'S NICE THAT TEACHERS VOLUNTEER TO TEACH KIDS WHO CAN'T LEAVE THE HOSPITAL.
AHH, THE HOSPITAL CLASSES
IF YOU'RE HERE TO SEE KAZUMA, HE'S STUDYING WITH A VOLUNTEER TEACHER RIGHT NOW
BUT THAT'S NOT WHY I'M HERE. I HAVE SOMETHING TO ASK YOU.
THE FACT THAT KAZUMA CAN LIVE HERE HAPPILY, AND THAT I CAN CONTINUE WORKING, IS ALL THANKS TO THEM.
LAST NIGHT, A DOCTOR SUGGESTED AN INTERESTING TYPE OF SURGERY FOR KAZUMA

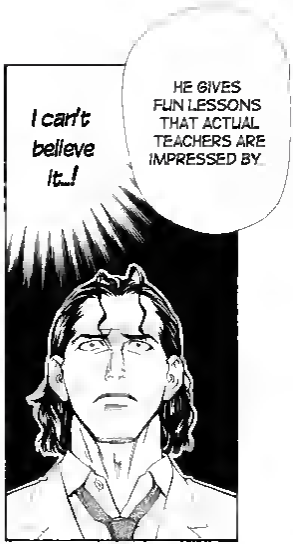
I CAME RIGHT AWAY TO SEE WHAT YOU THOUGHT ABOUT IT
I DON'T SEE A PROBLEM WITH IT
DO THE SURGERY
BUT... I HAVEN'T EVEN TOLD YOU ABOUT THE SURGERY
WEREN'T YOU THE TYPE OF INTERNAL DOCTOR WHO HATED THE SURGERIES?!
WHEN I WAS A PEDIATRIC SURGEON BACK THEN, YOU WOULD ALWAYS BUTT HEADS WITH ME ON WHETHER SOMEONE NEEDED SURGERY OR NOT
YEAH, WE DID DIDN'T WE
BUT I DON'T MAKE JUDGMENTS BASED ON JUST THE SURGERY. I ALSO LOOK AT THE SURGEON
IT'S MY JOB TO LEAVE THINGS IN THE HANDS OF SURGEONS I TRUST
AND I BELIEVE IN DR. SAIJOU
I SEE... WELL IF YOU SAY SO...

What was that?!
IT'S DR. SAIJOU THAT'S TEACHING TODAY
DR. SAIJOU SPENDS HIS DAYS OFF WITH THE KIDS IN INTERNAL PEDIATRICS.
Wait, you knew that it was Saijou who suggested it to me?
HM?
OF COURSE I DID
ED: TOTALLY SAW THAT ONE COMING. >>
APPARENTLY, HE DID THE SAME THING WHILE HE WAS IN AMERICA.
BUT DR. SAIJOU IS THE REAL DEAL.
THEY DO.
Isn't it school teachers that come to teach?!
BUT THEY CAN'T COME EVERY DAY, AND DOCTORS ARE CAPABLE OF TEACHING SOME THINGS



Kazuma would talk about a funny bugman doctor teaching his lessons.

It must've been that guy.



I can't believe it...!
HE GIVES FUN LESSONS THAT ACTUAL TEACHERS ARE IMPRESSED BY

IF IT'S SUCH A GREAT IDEA, HE SHOULD'VE MENTIONED IT SOONER
IT WOULDN'T HAVE MATTERED

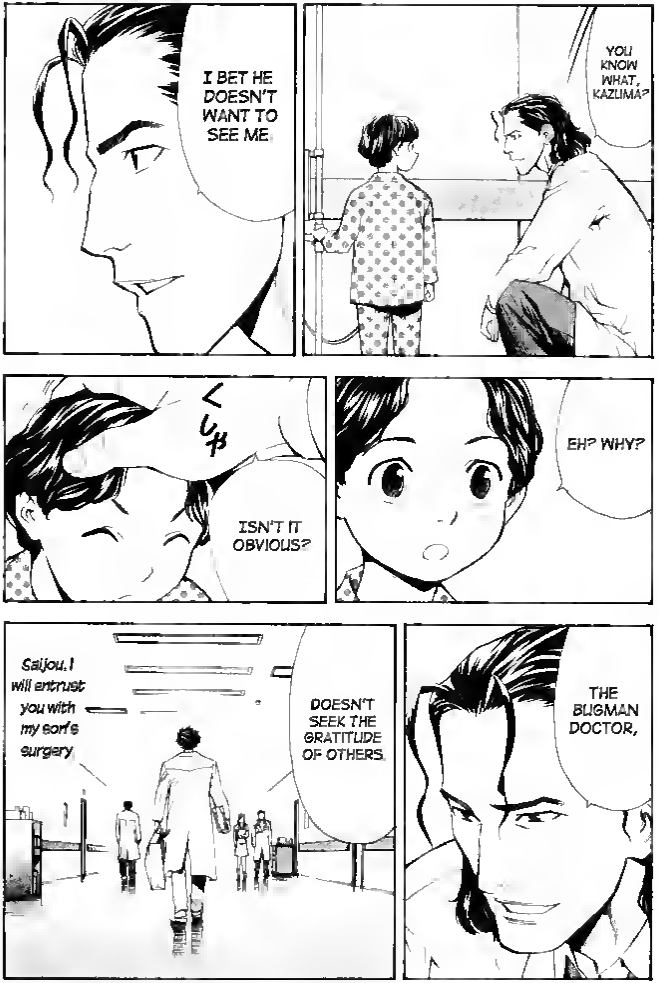
WHY DID HE WAIT UNTIL NOW TO BRING UP THE SURGERY?

HEY, ITOU

Which means, I've been mistreating the man who's been helping my son the most.

So that's why...!
!
IT'S ONLY JUST RECENTLY THAT KAZUMA'S INTESTINES HAVE EXPANDED ENOUGH FOR THE SURGERY
I thought that he only brought up the surgery in order to win me over and save the department.
Honestly, I had doubted him.
Ah! Daddy!
When did I become such a twisted doctor that I couldn't see other people's virtues?
Damnit! I'm such an idiot! How could I be so dense?

I wanna show you the bugman doctor that's been teaching me stuff!
I didn't know you were coming today
KAZUMA.
HE'S RIGHT ...
HE WAS HERE A SECOND AGO.
...
HUH? WHERE'D HE GO?



I BET HE DOESN'T WANT TO SEE ME.
YOU KNOW WHAT, KAZUMA?
HUH
ISN'T IT OBVIOUS?
EH? WHY?
Saijou, I will entrust you with my son's surgery.
DOESN'T SEEK THE GRATITUDE OF OTHERS.
THE BUGMAN DOCTOR,

So please make it a success.
HE'S A HERO JUST FOR KIDS.
OKAY.

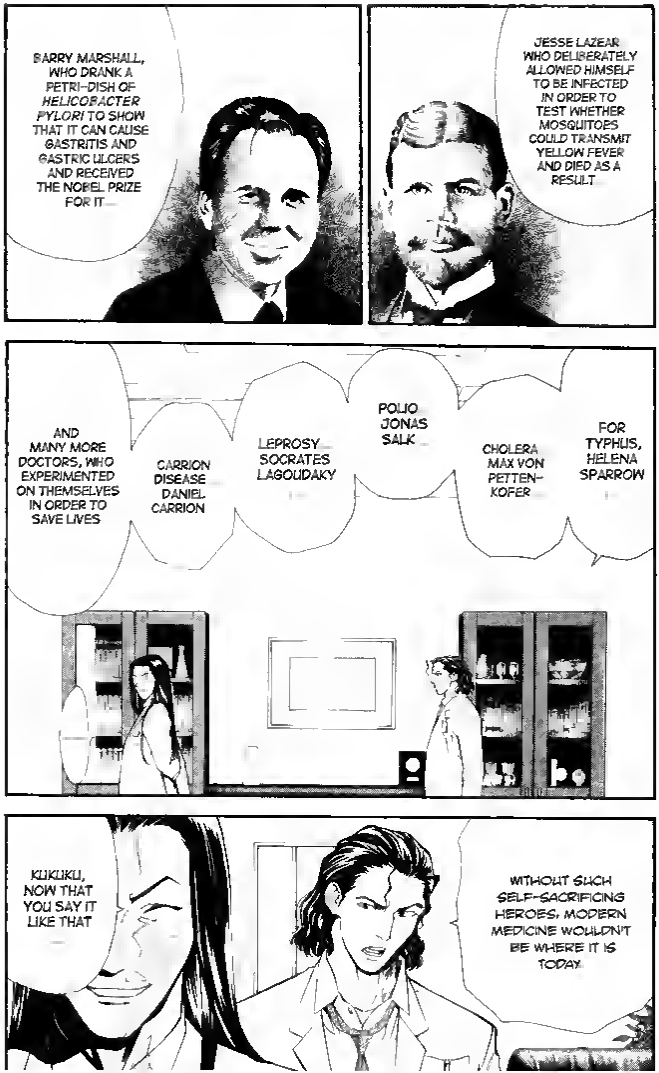
CHAPTER 21
RESPECT FOR THE PATIENT

HOH,
I SEE, I SEE...
YEAH
WELL, DR SAKAMOTO, YOU'RE TELLING ME THAT YOU WON'T BE JOINING ME IN GETTING RID OF PEDIATRIC SURGERY?
WELL, THAT'S RIGHT...
IF YOU HADN'T, YOU WOULD HAVE AT LEAST FOOLED ME FOR A LITTLE WHILE...
IT'S SO LIKE YOU TO COME AND TELL ME ALL THIS YOURSELF

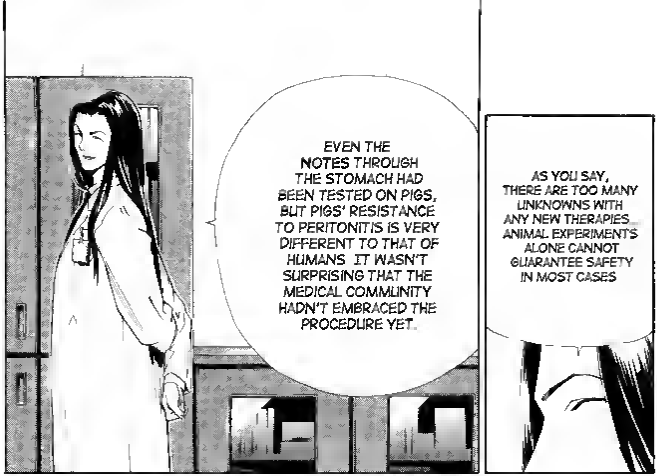
BUT DELAYING THINGS WOULD ONLY CLOUD MY JUDG-MENT
YOU GET INVOLVED WITH SAIJOU AND NOW THIS
OH DEAR
I'VE REALIZED THAT I'VE BEEN WRONG ALL ALONG
OF COURSE THAT IS UNUSUAL
WHAT YOU SEE IN HIM I JUST DON'T
THAT GUY IS A FREAK HE EVEN WENT AND OPENED A HOLE IN HIS OWN STOMACH JUST TO TEST OUT AN OPERATIVE PROCEDURE
BUT, WHAT ABOUT WERNER FORSSMANN WHO INSERTED A CATHETER INTO HIS OWN HEART

THE BEST SKILLED SURGEON

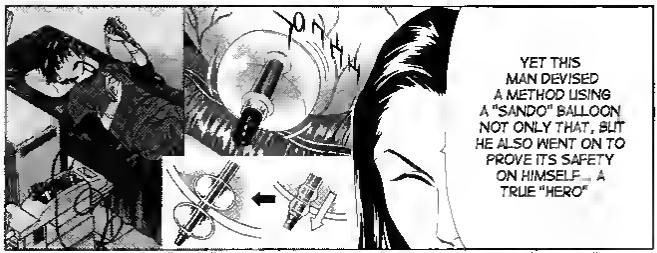
最上の命医



BARRY MARSHALL, WHO DRANK A PETRI-DISH OF *HELICOBACTER PYLORI* TO SHOW THAT IT CAN CAUSE GASTRITIS AND GASTRIC ULCERS AND RECEIVED THE NOBEL PRIZE FOR IT
JESSE LAZEAR WHO DELIBERATELY ALLOWED HIMSELF TO BE INFECTED IN ORDER TO TEST WHETHER MOSQUITOES COULD TRANSMIT YELLOW FEVER AND DIED AS A RESULT
AND MANY MORE DOCTORS, WHO EXPERIMENTED ON THEMSELVES IN ORDER TO SAVE LIVES
CARRION DISEASE DANIEL CARRION
LEPROSY SOCRATES LAGOUDAKY
POLIO JONAS SALK
CHOLERA MAX VON PETTEN-KOFER
FOR TYPHUS, HELENA SPARROW
KUKUKU, NOW THAT YOU SAY IT LIKE THAT
WITHOUT SUCH SELF-SACRIFICING HEROES, MODERN MEDICINE WOULDN'T BE WHERE IT IS TODAY

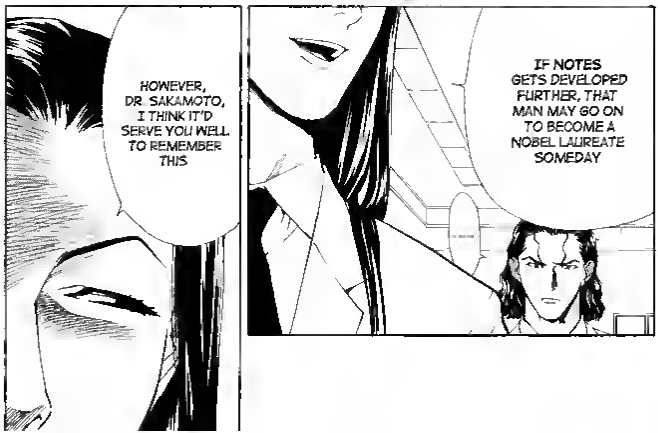


EVEN THE NOTES THROUGH THE STOMACH HAD BEEN TESTED ON PIGS, BUT PIGS' RESISTANCE TO PERITONITIS IS VERY DIFFERENT TO THAT OF HUMANS. IT WASN'T SURPRISING THAT THE MEDICAL COMMUNITY HADN'T EMBRACED THE PROCEDURE YET.
AS YOU SAY, THERE ARE TOO MANY UNKNOWNS WITH ANY NEW THERAPIES... ANIMAL EXPERIMENTS ALONE CANNOT GUARANTEE SAFETY IN MOST CASES



YET THIS MAN DEVISED A METHOD USING A "SANDO" BALLOON NOT ONLY THAT, BUT HE ALSO WENT ON TO PROVE ITS SAFETY ON HIMSELF... A TRUE "HERO"

TN "SANDO" BALLON IS A JAPANESE INVENTION. PROBABLY MEANING 'SANDWICH" BALLOON

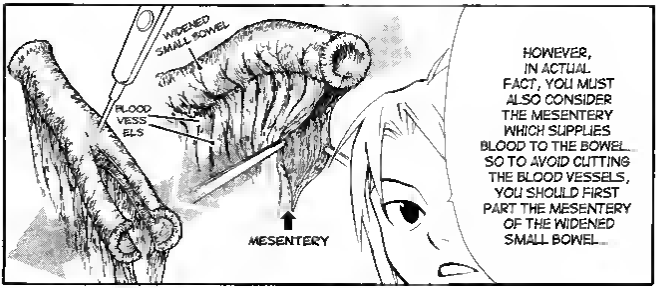


HOWEVER, DR. SAKAMOTO, I THINK IT'D SERVE YOU WELL TO REMEMBER THIS
IF NOTES GETS DEVELOPED FURTHER, THAT MAN MAY GO ON TO BECOME A NOBEL LAUREATE SOMEDAY

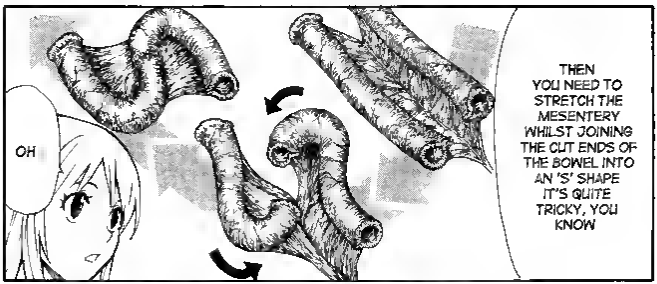
THE SAYING THAT "THE BEST DOCTOR FALLS INTO HELL"!
?
BUT NOWADAYS, "THE BETTER THE DOCTOR, THE MORE THEY WILL STRIVE AND STRUGGLE FOR THE PATIENT, BUT FINALLY WILL END UP FAILING" THIS IS THE CRY OF THE DOCTORS OF TODAY.
THIS SAYING HAS BEEN AROUND FOR ABOUT 2000 YEARS, AND ORIGINALLY MEANT "EVEN THE BEST DOCTOR IS HUMAN, AND WILL GO TO HELL BECAUSE OF HIS/HER GREED"...
.....
IF YOU'RE GOING TO SIDE WITH THAT MAN, I HOPE YOU'RE READY FOR THE SAME HELL AS HIM!
IN OTHER WORDS,
JUST WHAT ARE YOU GETTING AT?

Oh, wow- that's awesome, Dr. Sakamoto!
PEDIATRIC SURGERY
HOH, YOU MEAN YOU'RE GOING TO COME WITH ME EVEN IF I GET EXILED SOMEWHERE?
You're too cool, Doctor! I'm going to stick with you forever!
So you really parted ways with the associate director?
RIGHT
HEHE, LEAVE IT TO ME
AFTER THIS, SAIJOU, IT'LL ALL BE UP TO YOU
HEY, I'M JUST KIDDING
Teehee well... that's kinda...
てへへ
AS LONG AS KAZUMA GETS BETTER, EVEN IF I GET POSTED SOMEWHERE ELSE, IT'LL BE ALRIGHT

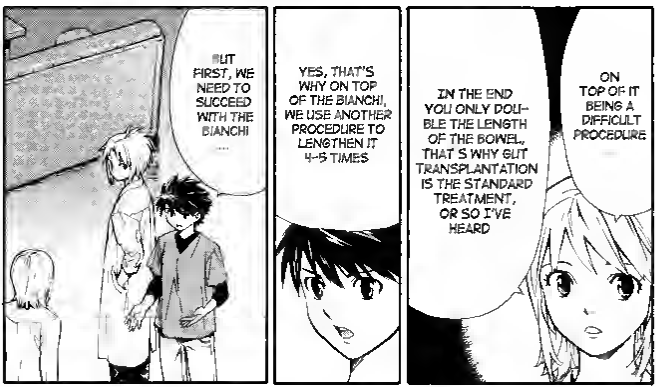
I DON'T KNOW WHAT YOU'RE THINKING ABOUT WITH THIS NEW PROCEDURE, BUT SOMEHOW YOU SAY WE CAN LENGTHEN KAZUMA'S 20CM LONG SMALL INTESTINE BY 4-5 TIMES?
SO, ANYWAYS SINCE THAT'S TAKEN CARE OF, WHAT'S THE PLAN FOR THE OPERATION?
RIGHT SO FIRST WE TAKE THE SMALL INTESTINE WHICH HAS BEEN GETTING WIDER ALL THIS TIME THEN DOUBLE THE LENGTH USING THE BIANCHI PROCEDURE
Oh, I've heard of that too.
WELL, THAT'S CORRECT
YEP
DUODENUM
STOMACH
LARGE BOWEL
SMALL BOWEL
YOU TAKE THE WIDENED SMALL BOWEL, DIVIDE IT DOWN THE MIDDLE, THEN JOIN THEM END TO END RIGHT?



WIDENED SMALL BOWEL
BLOOD VESSELS
MESENTERY
HOWEVER, IN ACTUAL FACT, YOU MUST ALSO CONSIDER THE MESENTERY WHICH SUPPLIES BLOOD TO THE BOWEL. SO TO AVOID CUTTING THE BLOOD VESSELS, YOU SHOULD FIRST PART THE MESENTERY OF THE WIDENED SMALL BOWEL.



OH
THEN YOU NEED TO STRETCH THE MESENTERY WHILST JOINING THE CUT ENDS OF THE BOWEL INTO AN 'S' SHAPE IT'S QUITE TRICKY, YOU KNOW

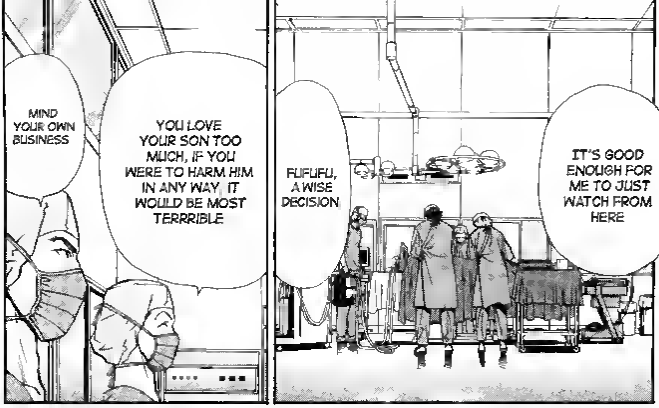


BUT FIRST, WE NEED TO SUCCEED WITH THE BIANCHI ....
YES, THAT'S WHY ON TOP OF THE BIANCHI, WE USE ANOTHER PROCEDURE TO LENGTHEN IT 4-5 TIMES
IN THE END YOU ONLY DOUBLE THE LENGTH OF THE BOWEL, THAT'S WHY GUT TRANSPLANTATION IS THE STANDARD TREATMENT, OR SO I'VE HEARD
ON TOP OF IT BEING A DIFFICULT PROCEDURE

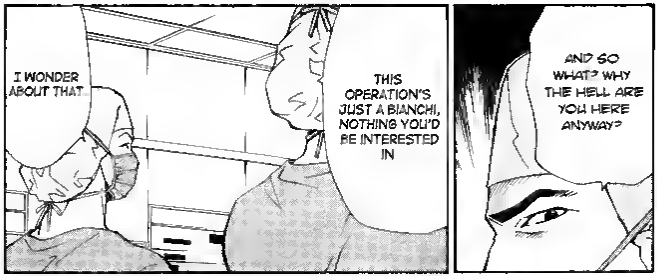
HOLD IT RIGHT THERE
ANO-THER OPERA-TION?
THEN WE WAIT ANOTHER 3 MONTHS TO ALLOW THE SMALL BOWEL TO RECOVER, THEN DO ANOTHER OPERATION
3 MONTHS
NEXT PROCEDURE
○ A LITTLE WHILE POST-SURGERY, THE SMALL BOWEL WILL WIDEN AGAIN, AND IN ADDITION THE MESENTERY WILL LENGTHEN
I THINK YOUR IDEA FOR THE OPERATION IS GREAT, BUT DON'T TELL ANYBODY JUST YET
I DON'T WANT KAZUMA TO END UP HEARING ABOUT IT AND GETTING HIS HOPES UP FOR NOTHING
IN ANY CASE, IF THIS BIANCHI DOESN'T SUCCEED, THEN THE NEXT OPERATION WON'T HAPPEN ANYWAY
UNDER-STOOD
Awww ...
I won't tell anyone please please tell me~~~~
QUIT IT

OH, I SEE!
YOU'LL JUST HAVE A HARD TIME TRYING TO KEEP YOUR MOUTH SHUT.
IF YOU CAN'T TELL ANYONE ANYWAY, THERE'S NO POINT IN HEARING ABOUT IT.
Exactly.
Definitely shouldn't tell this girl.
I SEE YOUR POINT OF VIEW!
THE PATIENT IS KAZUMA SAKAMOTO, WHO IS 9 YEARS OLD. WE WILL BE PERFORMING A SMALL BOWEL EXTENSION ON HIM.
DAY OF THE OPERATION
A FEW DAYS LATER

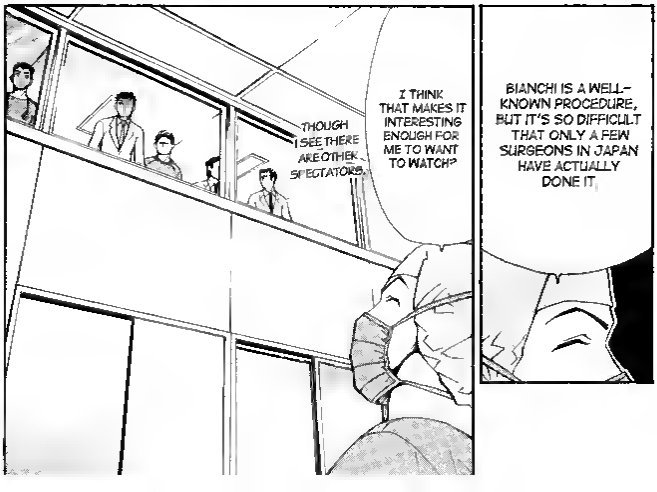
SCAL-
PEL
WELL WELL, IF IT ISN'T DR SAKAMOTO
IT'S NOT THAT I THINK IT IS A TABOO TO CUT MY OWN FAMILY,
BUT I JUST DON'T FEEL LIKE IT
AREN'T YOU GOING TO HELP OUT WITH YOUR SON S OPERATION?
NO



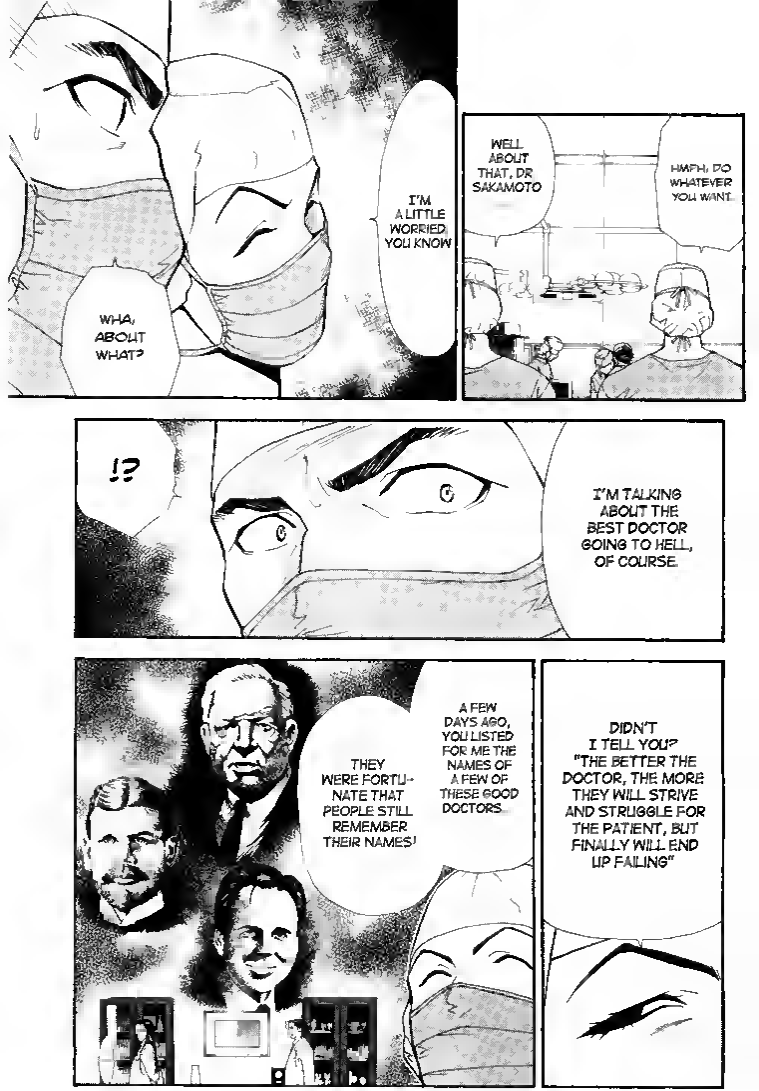
MIND YOUR OWN BUSINESS
YOU LOVE YOUR SON TOO MUCH, IF YOU WERE TO HARM HIM IN ANY WAY, IT WOULD BE MOST TERRRIBLE
FUFUFU, A WISE DECISION
IT'S GOOD ENOUGH FOR ME TO JUST WATCH FROM HERE



I WONDER ABOUT THAT
THIS OPERATION'S JUST A BIANCHI, NOTHING YOU'D BE INTERESTED IN
AND SO WHAT? WHY THE HELL ARE YOU HERE ANYWAY?



THOUGH I SEE THERE ARE OTHER SPECTATORS
I THINK THAT MAKES IT INTERESTING ENOUGH FOR ME TO WANT TO WATCH?
BIANCHI IS A WELL-KNOWN PROCEDURE, BUT IT'S SO DIFFICULT THAT ONLY A FEW SURGEONS IN JAPAN HAVE ACTUALLY DONE IT



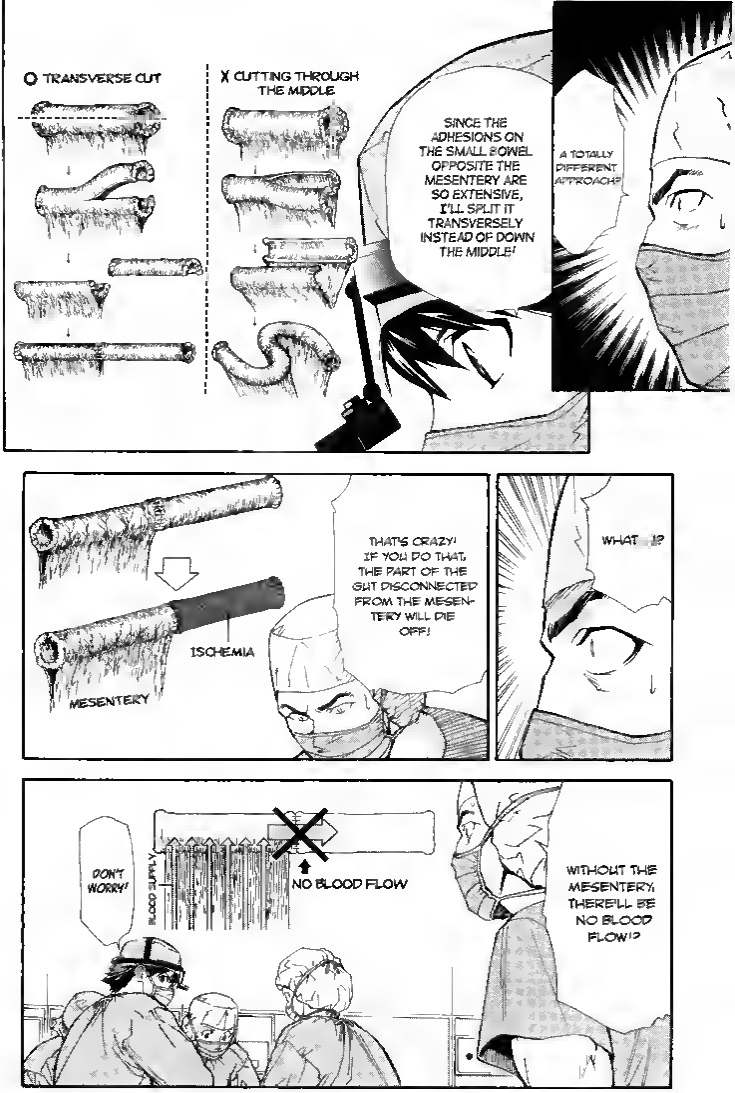
I'M A LITTLE WORRIED, YOU KNOW
WHA, ABOUT WHAT?
WELL ABOUT THAT, DR SAKAMOTO
HMPH. DO WHATEVER YOU WANT
!?
I'M TALKING ABOUT THE BEST DOCTOR GOING TO HELL, OF COURSE.
THEY WERE FORTU-NATE THAT PEOPLE STILL REMEMBER THEIR NAMES!
A FEW DAYS AGO, YOU LISTED FOR ME THE NAMES OF A FEW OF THESE GOOD DOCTORS.
DIDN'T I TELL YOU? "THE BETTER THE DOCTOR, THE MORE THEY WILL STRIVE AND STRUGGLE FOR THE PATIENT, BUT FINALLY WILL END UP FAILING"

OTHERS HAVE BEEN LABELED AS 'MURDERER' OR 'CRAZY', AND TAKEN THESE BURDENS TO THE GRAVE!
MANY OTHER GOOD DOCTORS TRIED BRAVE NEW APPROACHES TO THERAPY, BUT ENDED UP BEING FORGOTTEN
OH, YOU REALLY THINK SO?
PFFT, WHAT GARBAGE.
SO I'M JUST TRYING TO POINT OUT THAT SAIJOU, TOO, WON'T ALWAYS BE SUCCESSFUL
!
TAKE THIS OPERATION FOR EXAMPLE WHAT ABOUT THE FORMATION OF ADHESIONS?
NO MATTER HOW PERFECT YOU THINK SAIJOU IS, ONE CAN NEVER PREDICT WHAT HAPPENS IN SURGERY

KAZUMA'S HAD A MAJOR SURGERY TO REMOVE HIS SMALL BOWEL, SO MAYBE...
It's no good, Mikoto!
IN ANYONE WHO'S BEEN OPERATED ON ONCE BEFORE, ADHESIONS WILL FORM SO THAT THEIR ORGANS WILL BE STUCK TOGETHER...
EVEN WITH MODERN TECHNOLOGIES, THERE'S NO WAY OF KNOWING HOW THE ORGANS ARE STUCK TOGETHER BEFORE YOU ACTUALLY OPEN THEM UP!
*TN: THE MESENTERY HANGING DOWN FROM THE STOMACH AND THE TRANSVERSE COLON
BUT IN THIS CASE WE'LL HAVE TO GIVE UP ON THE BIANCHI...
IT LOOKS LIKE THE GREATER OMENTUM* IS TOO EXTENSIVELY ADHERED TO THE SMALL INTESTINE!
SMALL INTESTINE
MESENTERY
GREATER OMENTUM
LARGE INTESTINE
STOMACH
DIAGRAM OF ADHESION
!
IT'S TOO BAD...
YEAH...

No... no way
SOMETIMES THE ADHESIONS ARE SOOOOO EXTENSIVE THAT OPERATING ITSELF BECOMES IMPOSSIBLE
OH, JUST WHAT I WAS SAYING
I UNDERSTAND HOW YOU MUST FEEL ABOUT BOWEL TRANSPLANTS, WITH THE HIGH RISK OF REJECTION
BUT ANY FORM OF SMALL BOWEL EXTENSION, INCLUDING THE BIANCHI, IS AN EXTREMELY DIFFICULT TASK.
IT'S NOT TOO LATE FOR YOU YET, DR. SAKAMOTO
So then, Kusuma...
IT LOOKS LIKE TRANSPLANTATION IS THE ONLY WAY NOW
IF YOU COME BACK TO MY SIDE ONCE MORE...

What the hell...
I CAN USE MY CONTACTS TO ARRANGE FOR YOU THE SMALL BOWEL OF A BRAIN-DEAD PATIENT WHO HAS THE LOWEST RISK OF REJECTION FOR KAZUMA. NO?
Must I betray your savior, Saijou, yet again?
Dr. Sakamoto!
Kazuma, what am I supposed to do now -
I WANT TO GIVE UP ON THE BIANCHI AND TRY A TOTALLY DIFFERENT APPROACH. PLEASE GIVE THE GUARDIAN'S CONSENT!

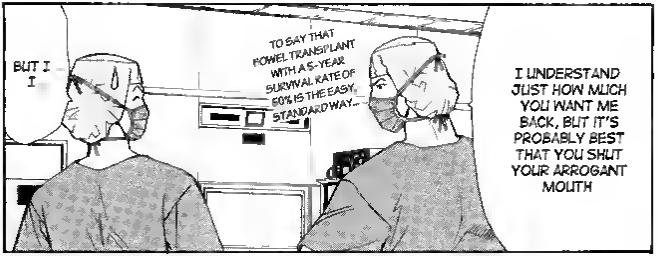


O TRANSVERSE CUT
X CUTTING THROUGH THE MIDDLE
SINCE THE ADHESIONS ON THE SMALL BOWEL OPPOSITE THE MESENTERY ARE SO EXTENSIVE, I'LL SPLIT IT TRANSVERSELY INSTEAD OF DOWN THE MIDDLE!
A TOTALLY DIFFERENT APPROACH?
ISCHEMIA
MESENTERY
THAT'S CRAZY! IF YOU DO THAT, THE PART OF THE GUT DISCONNECTED FROM THE MESENTERY WILL DIE OFF!
WHAT...!?
DON'T WORRY!
BLOOD SUPPLY
NO BLOOD FLOW
WITHOUT THE MESENTERY, THERE'LL BE NO BLOOD FLOW!?

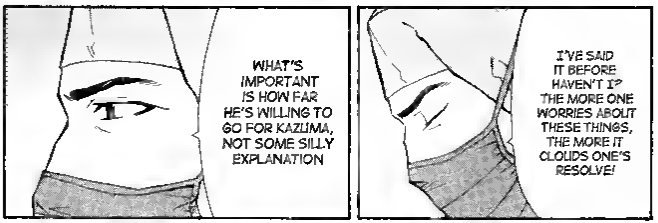
.....!
PLEASE TRUST ME!
FUFUFU, WHAT AN UNEXPECTED PLACE FOR A DECISION, EH?
ON ONE HAND, YOU CAN THROW IN YOUR LOT WITH SAIJOU AND STAKE IT ALL ON A MYSTERY PROCEDURE WITHOUT ANY PRIOR EXPLANATION
OR, YOU COME WITH ME AND TAKE THE PLAIN OLD BOWEL TRANSPLANT
ALRIGHT, I UNDER-STAND

SAIJOU, I WILL TRUST YOU!
Fufufu that's right, that's right, I thought you'd see things my way..
YESSIR!
BUT WHY!?
Or not!?

WELL, I'LL ASK YOU! WHY DO YOU EXPLAIN RISKS AND COMPLICATIONS BEFORE A SURGERY?
AN EXPLANATION, HUH...
THE BASTARD HASN'T EVEN EXPLAINED TO YOU THE RISKS AND POSSIBLE COMPLICATIONS OF WHAT HE'S ABOUT TO DO!
IS THAT SO...
If you don't explain these things beforehand, and something goes wrong, there'll be trouble, right?
HAHAHA, ISN'T IT OBVIOUS?
.....!
IT HAS NOTHING TO DO WITH RESPECT FOR THE PATIENT!
IN OTHER WORDS, THE EXPLANATION BEFORE THE SURGERY IS TO GET YOU, THE DOCTOR, OUT OF TROUBLE



BUT I
I
TO SAY THAT BOWEL TRANSPLANT WITH A 5-YEAR SURVIVAL RATE OF 50% IS THE EASY, STANDARD WAY...
I UNDERSTAND JUST HOW MUCH YOU WANT ME BACK, BUT IT'S PROBABLY BEST THAT YOU SHUT YOUR ARROGANT MOUTH



WHAT'S IMPORTANT IS HOW FAR HE'S WILLING TO GO FOR KAZUMA, NOT SOME SILLY EXPLANATION
I'VE SAID IT BEFORE HAVEN'T I? THE MORE ONE WORRIES ABOUT THESE THINGS, THE MORE IT CLOUDS ONE'S RESOLVE!

PREPARED TO ACCOMPANY KAZUMA RIGHT DOWN TO THE DEPTHS OF HELL, THIS IS THE KIND OF DOCTOR THAT I TRUST!
WITHOUT MAKING ANY EXCUSES, WITH HONEST EYES

WE'RE SLOWLY REACHING THE END OF THIS VOLUME. NOW THE PROBLEM IS THAT THERE ARE NO RAWS FURTHER THAN THAT. SO PLEASE HELP US FIND SOME RAWS, SO WE CAN CONTINUE THE SERIES~

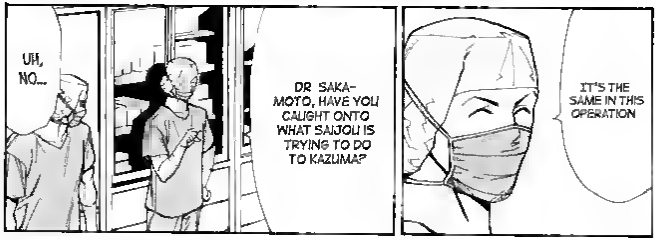
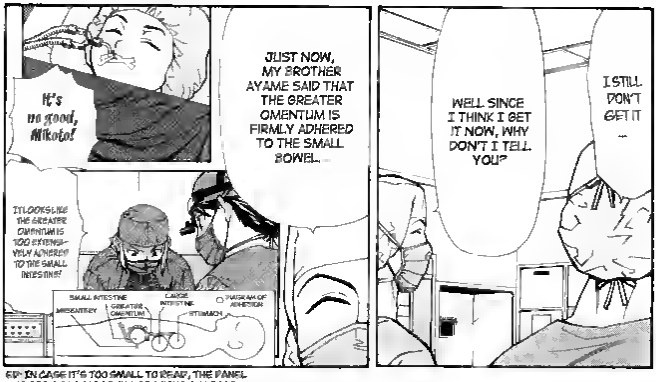
CHAPTER 22
THE REASON FOR BEING HATED

I'M NOT MAKING FUN OF YOU
OH, EXCUSE ME
WHAT'S SO FUNNY?
PFFFT...
EH?
IN FACT, I ABSOLUTELY AGREE WITH WHAT YOU JUST SAID
HUH?
What the hell is this guy saying..?
IF I MYSELF WERE TO BECOME SICK, I'D WANT HIM TO BE THE SURGEON
TO BE ABSOLUTELY HONEST

TAKING LIKE OR DISLIKE OUT OF THE EQUATION, THERE'S NO MISTAKING THAT HE IS A TOP-CLASS SURGEON
WHAT ARE YOU SO SURPRISED ABOUT?



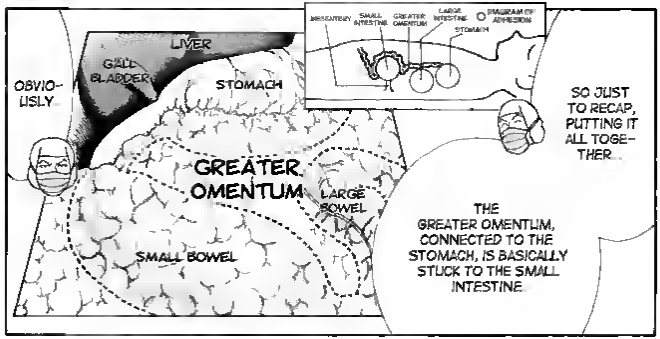


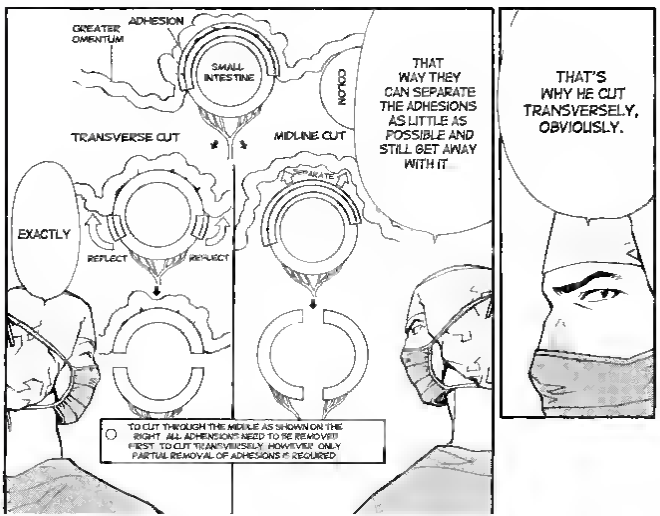
It's no good, Mikoto!
JUST NOW, MY BROTHER AYAME SAID THAT THE GREATER OMENTUM IS FIRMLY ADHERED TO THE SMALL BOWEL...
IT LOOKS LIKE THE GREATER OMENTUM IS TOO EXTENSIVELY ADHERED TO THE SMALL INTESTINE!
SMALL INTESTINE MESENTERY
GREATER OMENTUM
COLON
STOMACH
DIAGRAM OF ADHESION
WELL SINCE I THINK I GET IT NOW, WHY DON'T I TELL YOU?
I STILL DON'T GET IT...

6P: IN CASE IT'S TOO SMALL TO READ, THE PANEL IS FROM PAGE 17 OF THE PREVIOUS CHAPTER...

○ TRANSVERSE CUT
✕ CUTTING THROUGH THE MIDDLE
SINCE THE ADHESIONS ON THE SMALL BOWEL OPPOSITE THE MESENTERY ARE SO EXTENSIVE I'LL SPLIT IT TRANSVERSELY INSTEAD OF DOWN THE MIDDLE!
AND ALSO, SANJOU SAID THAT THE ADHESION WAS MAINLY ON THE OPPOSITE SIDE TO THE MESENTERY...

GO AND THIS ONE IS FROM PAGE 28 OF THE SAME CHAPTER





GREATER OMENTUM
ADHESION
SMALL INTESTINE
COLON
TRANSVERSE CUT
MIDLINE CUT
SEPARATE
EXACTLY
REFLECT
REFLECT
THAT WAY THEY CAN SEPARATE THE ADHESIONS AS LITTLE AS POSSIBLE AND STILL GET AWAY WITH IT.
THAT'S WHY HE CUT TRANSVERSELY, OBVIOUSLY.
○ TO CUT THROUGH THE MIDDLE AS SHOWN ON THE RIGHT ALL ADHESIONS NEED TO BE REMOVED FIRST TO CUT TRANSVERSELY HOWEVER ONLY PARTIAL REMOVAL OF ADHESIONS IS REQUIRED

JUST SHUT UP AND TELL ME.
DO YOU KNOW WHY HE SAYS IT'LL BE ALRIGHT?
SHOW OFF.
THE ANSWER IS SIMPLE
HOWEVER, AS YOU WERE SAYING, DIVIDING TRANSVERSELY WOULD RESULT IN THE PART OF THE SMALL INTESTINE, NOW SEPARATE FROM ITS MESENTERY, FROM UNDERGOING ISCHEMIC DEATH
NO BLOOD FLOW
WITHOUT THE MESENTERIC VESSELS THERE WILL BE NO BLOOD FLOW!!
IN THAT CASE, ANGIOGENESIS CAN OCCUR
NORMALLY, THE FORMATION OF ADHESIONS BY THEMSELVES WOULDN'T RESULT IN ANGIOGENESIS*, BUT IF THE ADHESIONS ARE SO EXTENSIVE THAT REMOVAL IS DIFFICULT, THEN THAT'S A DIFFERENT STORY
IT'S BECAUSE BLOOD VESSELS HAVE GROWN IN FROM THE GREATER OMENTUM THROUGH THE ADHESIONS
!
THAT MAN, MOST LIKELY...

ED. FROM PAGE 20 OF THE PREVIOUS CHAPTER

*TN: FORMATION OF BLOOD VESSELS.

GREATER OMENTUM
NORMAL ADHESION (TRANSPARENT)
ADHESIONS WITH PENETRATING VESSELS
SMALL INTESTINE
HE'S ALREADY SEEN THAT THIS ADHESION ISN'T LIKE MOST ADHESIONS. HE'S SEEN THE NEW BLOOD VESSELS COMING IN FROM THE GREATER OMENTUM
OPERATIONS USING ADHESIONS IN THIS WAY HAVE BEEN DONE BEFORE...
WELL, IF YOU THINK OF ALL THE OTHER THINGS THIS MAN'S BEEN DOING UP TILL NOW, IT'S PROBABLY NOT THAT SURPRISING
But how... that's ...
?
What he's wearing on his head.
WHAT'S REALLY AMAZING IS THAT THERE.
EVEN THOUGH THERE ONLY ARE A FEW CASES IN THE WHOLE WORLD OF IT BEING DONE ON HUMANS
I DIDN'T NOTICE TILL JUST NOW...
OH.

!!
IF HE DIDN'T NEED TO VISUALIZE VERY FINE VESSELS, WHY WOULD HE BE WEARING A LOUPE?

REMEMBER, HE'S DOING A BOWEL EXTENSION ON A 9 YEAR OLD CHILD
THE SURGICAL LOUPE... WHAT ABOUT IT?

SO, YOU MEAN THAT SAIJOU...
EXACTLY HE FORESAW THE ADHESIONS FORMING IN THIS WAY, AND THAT HE WOULD NEED TO CONFIRM THE PRESENCE OF THOSE VESSELS HIMSELF, RIGHT FROM THE START...

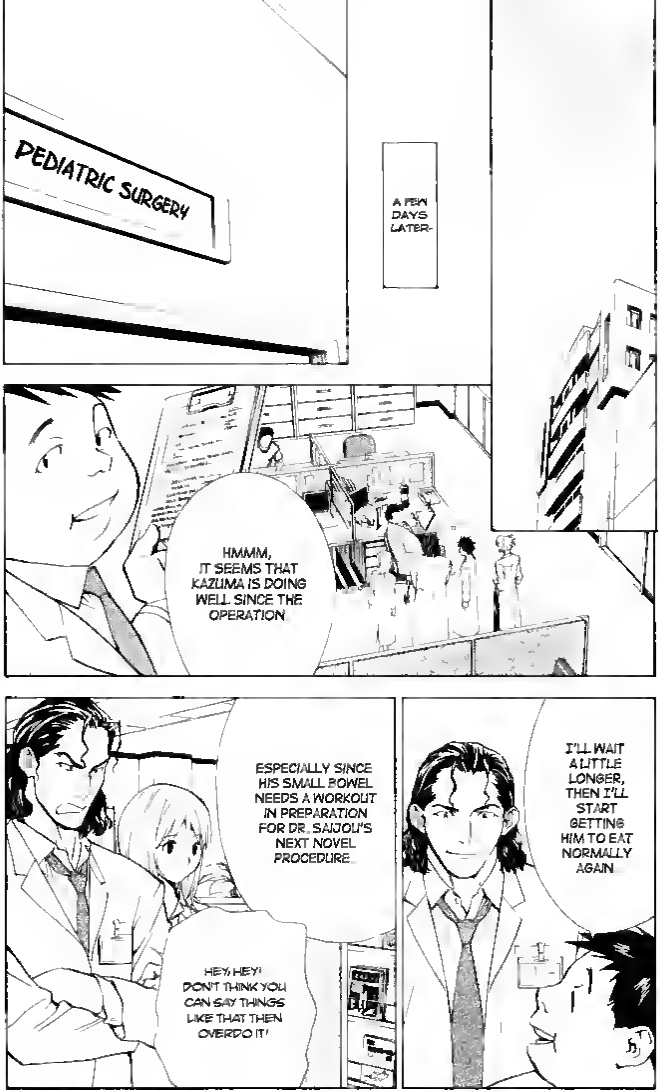
NORMALLY, SINCE BOTH THE SURGEON AND THE ASSISTANT SHOULD BE VIEWING THE SAME OPERATING FIELD, UNLESS THERE'S A SPECIAL REASON, THERE'S NO REASON FOR THE SURGEON TO BE USING THE LOUPE.

ACTUALLY IT'S RATHER ODD THAT AYAME, AS FIRST ASSISTANT, IS NOT WEARING A LOUPE IN THE FIRST PLACE

WHAT... WHAT A FREAK...
EVEN WITH THE CURRENT MEDICAL TECHNOLOGY, IT IS IMPOSSIBLE TO VIZUALIZE THE EXTENT OF ADHESIONS BEFORE OPENING UP THE ABDOMEN... MEANING THAT HE WAS ALREADY ANTICIPATING THESE EVENTUALITIES
HOW FORTUNATE...
FOR KAZUMA, TO HAVE MET WITH SUCH A TALENTED SURGEON
WELL IT LOOKS LIKE IT'S TIME FOR ME TO GO NOW...
OH LOOK, IT SEEMS LIKE THE OPERATION IS DRAWING TO AN END
OK, LET'S WASH OUT THE ABDOMINAL CAVITY
YESS'R

I MEAN, JUST WHAT THE HELL ARE YOU, ANYWAY?
Wait, just hang on a sec!
PLEASE STAY TUNED FOR THE UPCOMING ANTICS OF THE ASSOCIATE DIRECTOR.
!
WHO THE HELL WOULD TRY TO TEAR DOWN SOME-ONE THEY DON'T EVEN RECOGNIZE?
KUKUKU... WELL, I'LL ASK YOU
YOU REALIZE WHAT A GENIUS SAIJOH IS, YET WHY DO YOU TRY TO GET IN HIS WAY?
HMPH.
OR TO TRY AND PULL THEM OFF THEIR PEDESTAL!
YOU CAN TRAIN AND TRAIN IN THE HOPES OF SURPASSING THEM.
WHEN ONE UNDERSTANDS THAT THEY DON'T HAVE A CHANCE AGAINST ONE'S OPPONENT, THEY HAVE 2 OPTIONS..

PEOPLE ARE WEAK. I'M NOT THE ONLY ONE WHO BELIEVES THAT...
SO LET ME GUESS, YOU'RE THE LATTER, HUH?
I WON'T SAY THAT YOU'VE HIT THE NAIL ON THE HEAD...
SNAP
WELL, WHAT-EVER
?
...ESPECIALLY THOSE WHO DO NOT HAVE THAT MAN'S RESOLVE
IF YOU'RE STILL THINKING OF STICKING WITH HIM, I HOPE YOU'RE PREPARED TO FACE THE CONSEQUENCES



PEDIATRIC SURGERY
A FEW DAYS LATER-
HMMM, IT SEEMS THAT KAZUMA IS DOING WELL SINCE THE OPERATION
ESPECIALLY SINCE HIS SMALL BOWEL NEEDS A WORKOUT IN PREPARATION FOR DR. SAIJOU'S NEXT NOVEL PROCEDURE.
HEY, HEY! DON'T THINK YOU CAN SAY THINGS LIKE THAT THEN OVERDO IT!
I'LL WAIT A LITTLE LONGER, THEN I'LL START GETTING HIM TO EAT NORMALLY AGAIN.

HAHAHAHAHAHA
KAZUMA ISN'T A PIG LIKE YOU, YOU KNOW
Hey, I know, I know!
HAHAHAHA
THANK YOU SAIJOU I DON'T KNOW HOW TO EVER REPAY YOU...
Ah, no please don't mention it
Oh
I DON'T KNOW WHEN I'LL GET SENT OFF SOMEWHERE ELSE*, BUT WHEREVER I GO, THAT WON'T CHANGE A THING!
OH YEAH, I GET IT
YOU NEEDN'T THANK ME
RATHER THAN MY THANKS, YOU'D RATHER I WORK HARD FOR PEDIATRIC SURGERY, RIGHT?

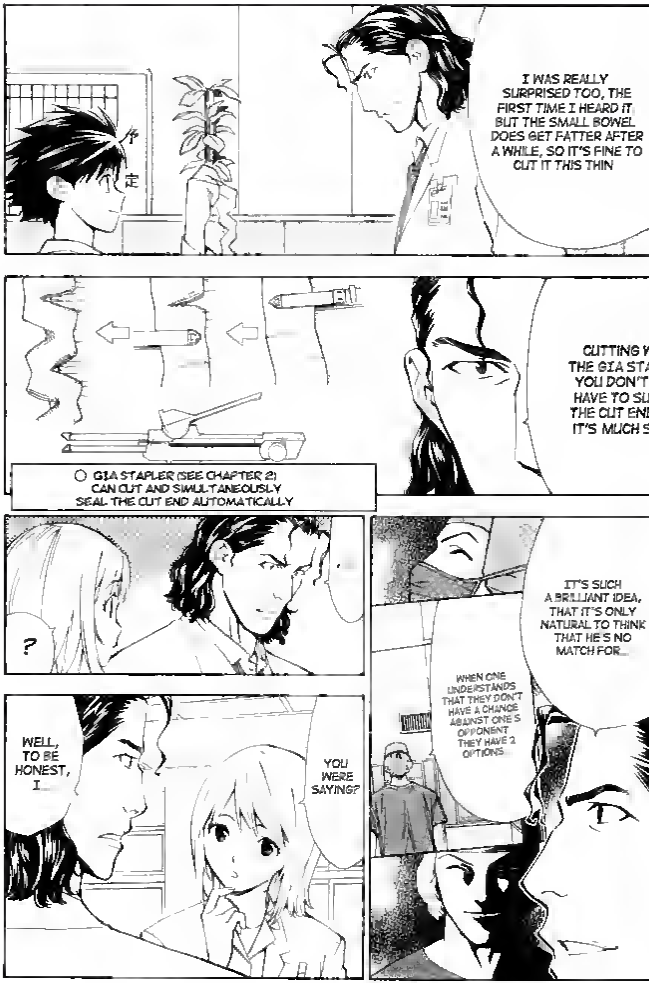
*TN: E.G., RURAL POSTING THERE IS AN IMPLICIT NEGATIVE CONNOTATION.

I'LL GIVE IT MY BEST FROM NOW ON, BELIEVE ME!
DR. SAKA-MOTO
BAM!
IT'S REGARDING THE NOVEL SURGICAL PROCEDURE
OH YEAH, DR. SAIJOU, THERE S SOMETHING I WANT TO ASK YOU
HUH??
YOU IDIOT
I MUSN'T TELL ANYONE, SO IT'S BETTER THAT I DON'T HEAR ABOUT IT
UH, WHAT ARE YOU DOING?

THIS OPERATION
PLANNED OPERATION
SINCE WE RAN INTO SOME UNEXPECTED ADHESIONS, THE SMALL INTESTINE DIDN'T END UP LOOKING AS PLANNED
OH, IS THAT SO?
THE FIRST OPERATION WAS A SUCCESS, SO IT'S OKAY TO TALK ABOUT THE SECOND ONE
OH... RIGHT
I'M SORRY, DR. ITOU. SHE'S A BIT STUPID
PLEASE IGNORE HER
•Tsukee•
IS THAT SO?
MY NEW PROCEDURE INVOLVES CUTTING THE SMALL BOWEL IN A ZIG-ZAG FASHION. IT DOESN'T REALLY MATTER WHETHER IT'S CURVED OR STRAIGHT
NO, NOT AT ALL.
WILL THIS AFFECT THE NEXT OPERATION IN ANY WAY?
THAT'S RIGHT.
Zi... Zig-zag?

IN THIS PROCEDURE IS ACTUALLY CALLED "SERIAL TRANSVERSE ENTEROPLASTY" DEVELOPED BY HEUNG BAE KIM'S TEAM AT HARVARD MEDICAL SCHOOL (J PEDIATR SURG 2003; 38(3):425)

I JUST MAKE CUTS LIKE SO...
FOR EXAMPLE, LET'S SAY THAT THIS IS THE BOWEL
Oh, I see!
I'M NOT SURE EXACTLY HOW MANY TIMES BUT NOW IT'S SEVERAL TIMES LONGER!
ET: IF ONLY ALL EXPLANATIONS IN THIS SERIES WERE THAT SIMPLE XD
AND HERE WE GO
ビーーー
YES, THAT'S RIGHT
That's amazing! So this is the new procedure!



I WAS REALLY SURPRISED TOO, THE FIRST TIME I HEARD IT BUT THE SMALL BOWEL DOES GET FATTER AFTER A WHILE, SO IT'S FINE TO CUT IT THIS THIN
CUTTING WITH THE GIA STAPLER, YOU DON'T EVEN HAVE TO SUTURE THE CUT ENDS, SO IT'S MUCH SAFER
○ GIA STAPLER (SEE CHAPTER 2) CAN CUT AND SIMULTANEOUSLY SEAL THE CUT END AUTOMATICALLY
?
WELL, TO BE HONEST, I...
YOU WERE SAYING?
WHEN ONE UNDERSTANDS THAT THEY DON'T HAVE A CHANCE AGAINST ONE'S OPPONENT THEY HAVE 2 OPTIONS
IT'S SUCH A BRILLIANT IDEA, THAT IT'S ONLY NATURAL TO THINK THAT HE'S NO MATCH FOR...

MAYBE HE WAS JUST TRYING TO PROVOKE ME, I DON'T KNOW...
YEAH
I SEE, SO MY BROTHER ACTUALLY...
IT'S BECAUSE YOU'RE STUPID AS WELL.
HEY AYAME, WHY DO PEOPLE HATE ME?
BUT I GOT THE IMPRESSION THAT THERE ARE MANY OTHERS WHO DON'T THINK VERY HIGHLY OF SANJOU.
OKAY, SERIOUSLY THOUGH, WE REALLY NEED TO TAKE THIS SERIOUSLY.
you and I are alike, doctor.
I'M JOKING
ゴゴゴ

TALES OF THE MEDICAL WORLD IN JAPAN HAVE BEEN TOLD THROUGH COUNTLESS NOVELS AND TV SHOWS. THAT'S JUST HOW POLITICAL IT IS.
LET'S FACE IT. EVEN IF YOU WERE TO BECOME A PROFESSOR, MEDICAL FACULTY GET PAID LESS THAN THOSE DOCTORS WHO RUN THEIR OWN PRACTICE, AND IT'S NOT LIKE THEY HAVE A WHOLE LOT OF POWER, EITHER.
SO, WHY DO THEY FIGHT EACH OTHER...
DO YOU UNDERSTAND WHY, MIKOTO?

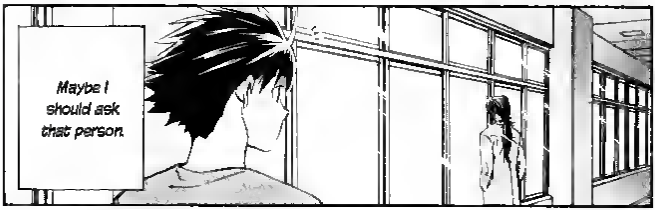
CHAPTER 23: KINDESS BRINGS MISFORTUNE

Good morning. I'm Mikoto Saijou
NAP ROOM
HUAAAAA
The Pediatric Surgery Department has finally been revived, and I'm normally quite a positive person.
But recently I realized something terrible.
I couldn't totally follow what Ayame was saying, but it seems that I'm not a popular guy in this hospital.
DO YOU UNDERSTAND WHY NOW?
BUT I GOT THE IMPRESSION THAT THERE ARE MANY OTHERS WHO DON'T THINK VERY HIGHLY OF SANZHI
HEY AYAME WHY DO PEOPLE HATE ME?
IT'S BECAUSE YOU'RE STUPID AS WELL

FUU



Maybe I should ask that person.

DR SAIJOU
?

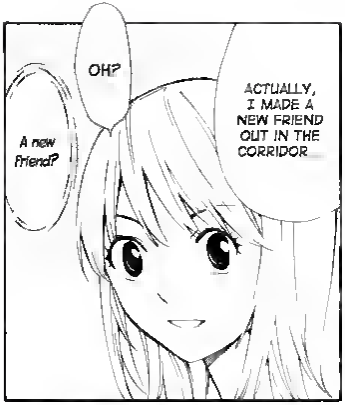
OH, HELLO,
UH, EXCUSE ME

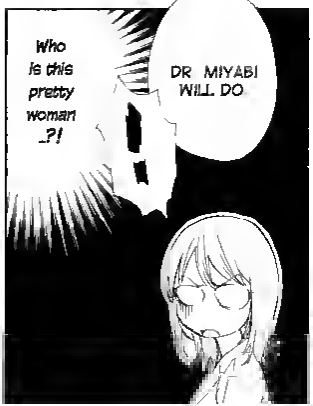
I'M AN ANESTHETIST, MIYABI KOUSHIMA
JUST CALL ME, MIYABI
OF COURSE
DO YOU KNOW ME?
Oh dear it looks like I'm VERY unpopular
OH
THERE'S NO ONE IN THIS HOSPITAL WHO HASN'T HEARD OF MIKOTO SAIJOU.
PLEASED TO MEET YOU, MIYABI
ALRIGHT
YOU CAN CALL ME MIKOTO.
TO BE HONEST, I'VE BEEN THINKING ABOUT YOU THE WHOLE TIME.
OH, THE PLEASURE'S MINE.

???
SO YOU DON'T HATE ME?
HUH?
I'M REALLY HAPPY TO FINALLY MEET YOU IN PERSON
ERR... WELL TO BE HONEST
HATE YOU? WHY?
OH, I SEE... SO IT'S LIKE THAT, HUH
WELL, PUTTING ASIDE THE REASON WHY THERE'S SO MUCH CONFLICT... THE WORLD OF DOCTORS IN JAPAN IS QUITE UNIQUE, IT'S VERY INSULAR...

AWWWWW
IT'S NOT EXACTLY LIKE ELEMENTARY SCHOOL, YOU CAN'T BE FRIENDS WITH ALL 100 PEOPLE
Ahaha, you just don't give up, do you Mikoto? You're such a typical doctor.
Well what about 99 people?
THAT'S RIGHT JUST LIKE YOU, BUD
SO YOU WERE REALLY UNPOP-ULAR
I'VE BEEN RECRUITED TO THIS HOSPITAL, BUT WHETHER IT'S HERE OR THE HOSPITAL I WORKED AT BEFORE, I DON'T HAVE A SINGLE FRIEND
I'M NOT SURE ABOUT 99 PEOPLE, BUT DO YOU REALLY NEED TO WORRY SO MUCH ABOUT THOSE AROUND YOU?
HOWEVER, THERE'S A SAYING

"BEING HATED BY THOSE ONE HAS NOT MET OR KNOW IS TESTIMONY TO ONE'S GREATNESS".
PEDIATRIC SURGERY
I'M BACK.
WELCOME BACK, DOCTOR.
SO WE MUST HAVE SOME GREAT TALENT THAT PEOPLE ARE JUST JEALOUS OF





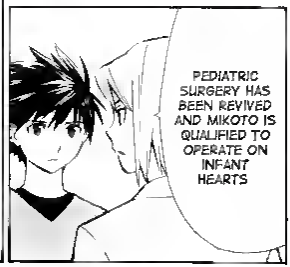
SFX: GHAGHAGHAGHA

PLEASE EXCUSE US FOR A SECOND, MIKOTO.
HMM
I won't lose to you, you old hag!!
MISS SENA, I AM A MAN.
!!
EP: IT'S A TRAP!
I'M SORRY ...
I GET IT QUITE OFTEN
DON'T OVERDO IT
WHA... WHA... OH... NO... I MEAN, OF COURSE, I ALREADY KNEW THAT!

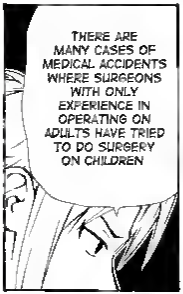
DON'T WORRY ABOUT IT
HUH
THE MAGIC WORD
WHAT DID YOU SAY TO MISS SENA?
THERE ARE OTHERS I'D LIKE YOU TO MEET; DR. SAKAMOTO, THE DEPARTMENT HEAD, BUT HE ISN'T HERE RIGHT NOW...
WHAT DO YOU MEAN?
YOU'RE REALLY NICE, MIKOTO
FUFUFU
AND THEN THERE'S AYAME KIRYUU OF CARDIO-VASCULAR SURGERY.

BECAUSE YOU'RE TRYING TO SHARE WHAT'S YOURS WITH OTHERS
BUT I THINK YOU SHOULD BE CAREFUL
THAT SIDE MAY BE YOUR GIFT BUT SOMETIMES, KINDNESS BRINGS MISFORTUNE
...OH BOTHER
EXACTLY, THAT'S WHY I THINK IT'S BETTER NOT TO WORRY TOO MUCH ABOUT WHAT GOES ON AROUND
GRRRR!
MAN,
THIS REALLY SUCKS!

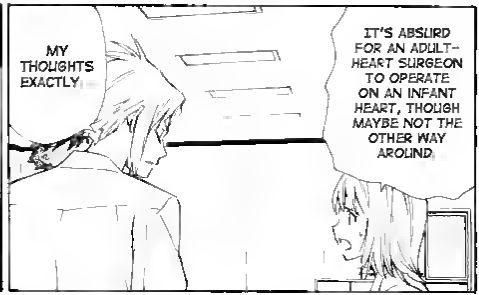
AYAME
WHAT'S THE MATTER? YOU LOOK PISSED OFF
OH, IT'S NOTHING, REALLY
I WAS SUPPOSED TO BE THE SURGEON IN THIS SURGERY COMING UP AND ALL OF A SUDDEN THEY MAKE ME ASSISTANT
HUH? BUT WHY?
WELL, ACTUALLY I HAVE A SURGERY FROM 9 TOMORROW MORNING IN THEATER 5 IT'S A PULMONY ARTERY ASTERIA*.
HUH?
PULMONY ATERY ASTERIA... ISN'T THAT IN NEWBORN BABIES?!
UH HUH
*TN: ATRESIA IS THE CONGENITAL ABSENCE OF A NORMAL OPENING. THE PULMONARY ARTERY TAKES DEOXYGENATED BLOOD FROM THE HEART TO THE LUNGS.
I THOUGHT OUR CARDIOVASCULAR SURGERY DEPARTMENT DOESN'T DO PEDIATRIC CASES...
THAT'S WHY I'M TELLING YOU, THIS GUY IS A REAL DUMBASS!
THERE'S THIS DUMBASS WHO'S MY SENIOR- HE WENT TO THE DIRECTOR AND NAGGED HIM FOR PERMISSION
BUT WHY, ALL OF A SUDDEN?



TN: THE *CARDIOVASCULAR SURGERY* DEPARTMENT



THERE ARE MANY CASES OF MEDICAL ACCIDENTS WHERE SURGEONS WITH ONLY EXPERIENCE IN OPERATING ON ADULTS HAVE TRIED TO DO SURGERY ON CHILDREN



MY THOUGHTS EXACTLY.
IT'S ABSURD FOR AN ADULT-HEART SURGEON TO OPERATE ON AN INFANT HEART, THOUGH MAYBE NOT THE OTHER WAY AROUND.

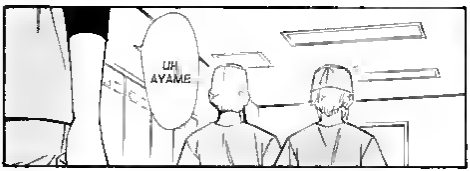
THAT'S RIGHT.
SO HE GOT ALL UP HIMSELF, AND BECAUSE OF YOUR LINKS TO MIKOTO, SCHEDULED YOU AS THE ASSISTANT AND HIMSELF AS THE SURGEON.

MIYABI KOUSHIMA ...THAT SOUNDS FAMILIAR...
SURE.
PLEASED TO MEET YOU
I'M MIYABI KOUSHIMA.
OH, MIYABI IS AN ANETHE-- STIST...
UH, SO WHO ARE YOU, ANYWAY?
THE DIRECTOR, AFTER BEING PUSHED BY YOUR SUPERIOR FOR PERMISSION, SEEMED QUITE WORRIED ABOUT THIS OPERATION
OH, YOU NOTICED?
I SAW YOUR NAME ON THE SCHEDULE BOARD
HEY, HANG ON! YOU'RE THE ANETHETIST FOR THE OPERATION TOMORROW, AREN'T YOU?
YOU'RE PROBABLY JUST AS GOOD, MIKOTO
フフフ
I KNEW YOU MUST BE REALLY GOOD
SO THE DIRECTOR ASKED ME PERSONALLY TO BE IN THE OPERATION TOMORROW
WOW
BUT TO BE HONEST, I TOO AM WORRIED

OF COURSE, I INTEND TO DO MY JOB WITHOUT MISTAKES...
IN PEDIATRIC HEART SURGERY, ONE MISTAKE BY THE SURGEON MEANS INSTANT DEATH ON THE OPERATING TABLE
IT DOESN'T MATTER WHAT THE ANETHETIST DOES
.....
Dying on the table...
Please, can't you do anything, Dr Ayame?
LIKE MAYBE ASK THE DIRECTOR TO PUT YOU BACK IN AS SURGEON?
THE DIRECTOR PROBABLY WANTS THAT, TOO
BUT THAT DUMBASS IS STUBBORN, THERE'S NO WAY HE'LL COOPERATE

WELL, THERE'S A FIRST FOR EVERYONE, RIGHT? SO I GET THAT EVEN INEXPERIENCED PEOPLE OPERATE SOMETIMES
OH, I SEE
LET ALONE SKILL LEVEL, I AM HIS JUNIOR AFTER ALL, SO ALL THE DIRECTOR COULD SAY WAS TO BEAR IT JUST THIS ONCE
WELL, HOW ABOUT I STAND IN ON THE OPERATION?
BUT SOMETHING LIKE THIS HAS HAPPENED BEFORE... I HAVE A BAD FEELING ABOUT THIS...
YEAH, THAT SOUNDS GOOD
I ALSO AGREE. PLEASE STAND IN
ERM, IN THAT CASE, MAYBE
WITH AYAME AS THE ASSISTANT, MIYABI AS THE ANESTHETIST AND WITH ME WATCHING AS WELL, IT'LL BE OKAY
HOWEVER MIKOTO
AH, THAT SOUNDS LIKE A PLAN

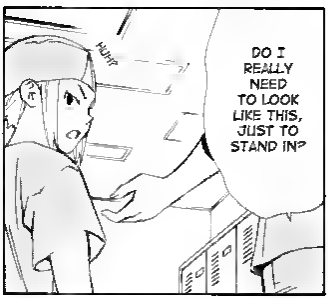
NEXT DAY-



UH AYAME

IF YOU'RE GOING TO STAND IN TOMORROW, YOU C IN DO SO ON ONE CONDITION.
HUH?

THERE'S NO CHOICE
MAYBE IT'S OKAY FOR MIYABI, BUT I'M A LITTLE ..



HUH?
DO I REALLY NEED TO LOOK LIKE THIS, JUST TO STAND IN?

AS I SAID YESTERDAY, MY SENIOR IS OPENLY JEALOUS OF YOUR TALENT.
THAT EXIT IS SO CONDOUS OF MIKOTI. THAT HE'S USING THIS OPERATION TO SHOW OFF HIS SKILLS
BUT A STARTER LIKE THAT
HUH?
WAS SURPRISED TO BE THE SUBSTITUTE IN THIS MORNING COMING UP AND ALL OF A SUDDEN THEY MAKE ME ADD STAFF

THEREFORE, JUST FOR TODAY
IF HE FINDS OUT THAT YOU'RE WATCHING, AND STARTS TRYING TO COMPETE WITH YOU, IT'LL ONLY CAUSE AN INCIDENT.
SCRATCH *SCRATCH*
YOU WILL BE STANDING IN AS THE MYSTERIOUS DR. MEIKO TOUJOU*.
*IN THE KANJI FOR 'SAI' IN SAIJOU'S NAME IS 'WEST,' TOU IS 'EAST' THE KANJI FOR MEIKOTO AND MEI ARE THE SAME
I TOLD YOU SO. AT TIMES, KINDNESS BRINGS MISFORTUNE.
You're the one who asked me to do this...

WE'RE SLOWLY REACHING THE END OF THIS VOLUME. NOW THE PROBLEM IS THAT THERE ARE NO RAWS FURTHER THAN THAT. SO PLEASE HELP US FIND SOME RAWS, SO WE CAN CONTINUE THE SERIES~

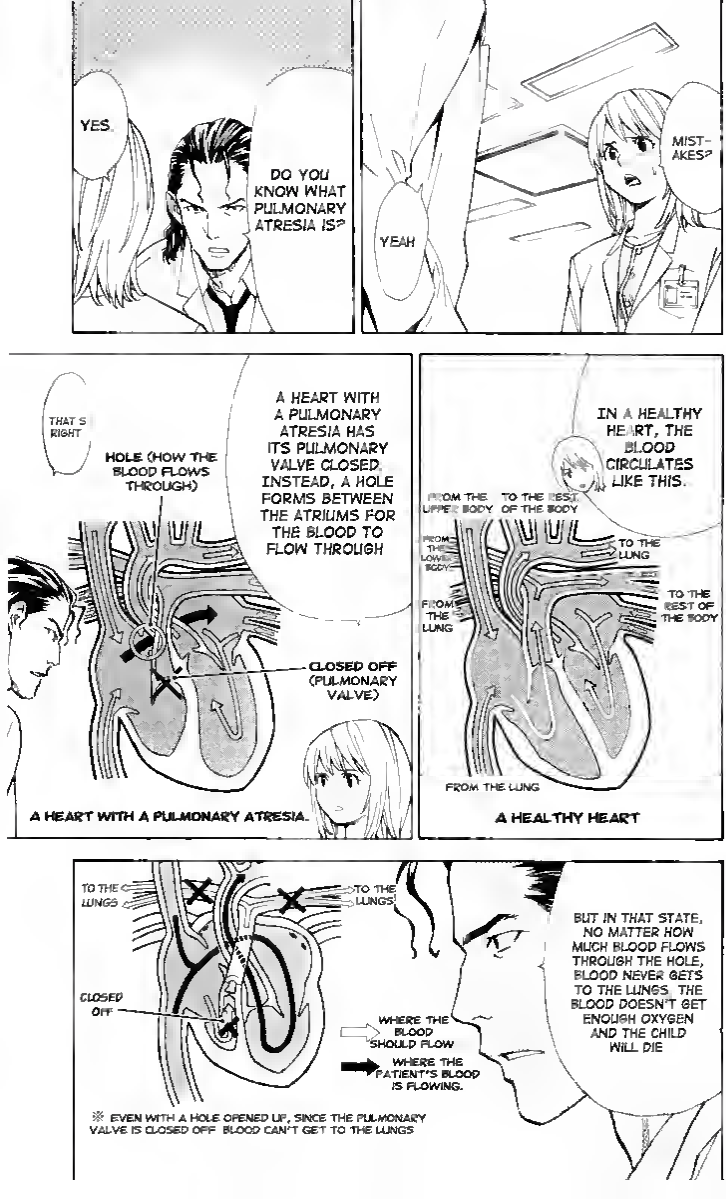
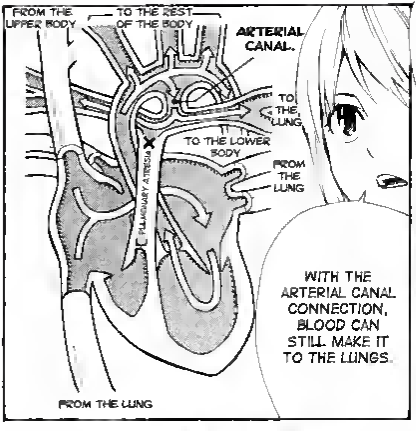
CHAPTER 24:
PRIMARY AND SECONDARY

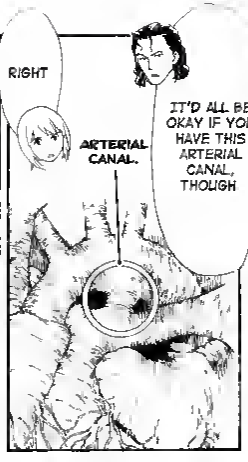
YEAH
THAT'S GOTTA SUCK FOR HIM
SO SAIJOU IS GONNA DRESS LIKE A GIRL SO HE CAN OBSERVE?
KU KU KU
WELL, IT'S NOT SURPRISING
I JUST HAVE THIS REALLY BAD FEELING...
I DO FEEL BAD FOR PUTTING HIM THROUGH THIS, BUT...
THE SMALLEST MISTAKE CAN TURN INTO A HUGE PROBLEM FAST. THERE ARE A LOT OF CASES THAT END UP THAT WAY.
AMONG PEDIATRIC SURGERIES, PULMONARY ATRESIA ISN'T AN ESPECIALLY DIFFICULT ONE TO FIX, BUT...



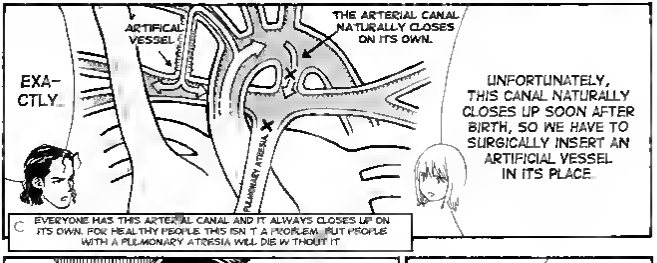
YES.
DO YOU KNOW WHAT PULMONARY ATRESIA IS?
YEAH
MIST-AKES?
THAT'S RIGHT
HOLE (HOW THE BLOOD FLOWS THROUGH)
A HEART WITH A PULMONARY ATRESIA HAS ITS PULMONARY VALVE CLOSED. INSTEAD, A HOLE FORMS BETWEEN THE ATRIUMS FOR THE BLOOD TO FLOW THROUGH
CLOSED OFF (PULMONARY VALVE)
A HEART WITH A PULMONARY ATRESIA.
IN A HEALTHY HEART, THE BLOOD CIRCULATES LIKE THIS.
FROM THE UPPER BODY
TO THE REST OF THE BODY
FROM THE LOWER BODY
TO THE LUNG
FROM THE LUNG
TO THE REST OF THE BODY
FROM THE LUNG
A HEALTHY HEART
TO THE LUNGS
TO THE LUNGS
CLOSED OFF
WHERE THE BLOOD SHOULD FLOW
WHERE THE PATIENT'S BLOOD IS FLOWING.
※ EVEN WITH A HOLE OPENED UP, SINCE THE PULMONARY VALVE IS CLOSED OFF BLOOD CAN'T GET TO THE LUNGS
BUT IN THAT STATE, NO MATTER HOW MUCH BLOOD FLOWS THROUGH THE HOLE, BLOOD NEVER GETS TO THE LUNGS. THE BLOOD DOESN'T GET ENOUGH OXYGEN AND THE CHILD WILL DIE



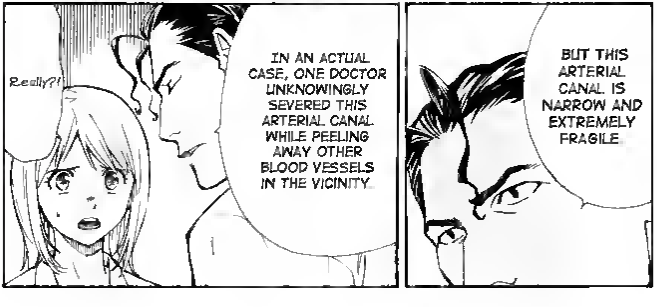
FROM THE UPPER BODY
TO THE REST OF THE BODY
ARTERIAL CANAL
TO THE LUNG
TO THE LOWER BODY
FROM THE LUNG
PULMONARY ATRESIA
FROM THE LUNG
WITH THE ARTERIAL CANAL CONNECTION, BLOOD CAN STILL MAKE IT TO THE LUNGS.



RIGHT
ARTERIAL CANAL
IT'D ALL BE OKAY IF YOU HAVE THIS ARTERIAL CANAL, THOUGH



ARTIFICAL VESSEL
THE ARTERIAL CANAL NATURALLY CLOSES ON ITS OWN.
EXA-CTLY.
PULMONARY ATRESIA
UNFORTUNATELY, THIS CANAL NATURALLY CLOSES UP SOON AFTER BIRTH, SO WE HAVE TO SURGICALLY INSERT AN ARTIFICIAL VESSEL IN ITS PLACE.
C EVERYONE HAS THIS ARTERIAL CANAL AND IT ALWAYS CLOSES UP ON ITS OWN. FOR HEALTHY PEOPLE THIS ISN'T A PROBLEM, BUT PEOPLE WITH A PULMONARY ATRESIA WILL DIE WITHOUT IT



Really?!
IN AN ACTUAL CASE, ONE DOCTOR UNKNOWINGLY SEVERED THIS ARTERIAL CANAL WHILE PEELING AWAY OTHER BLOOD VESSELS IN THE VICINITY.
BUT THIS ARTERIAL CANAL IS NARROW AND EXTREMELY FRAGILE.

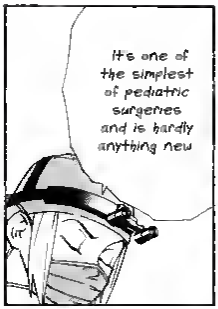
If the arterial canal gets severed before the artificial canal is put into place, the blood won't get to the lungs and get any oxygen...
I UNDERSTAND THAT YOU'RE WORRIED, BUT THERE'S NO NEED TO BE SO SCARED IS THERE?
HEY, HEY
That'd be the worst thing that could happen...
NO MATTER HOW STUPID THIS GUY IS, HE'S NOT GONNA BE STUPID ENOUGH TO CUT WHAT HE ISN'T SUPPOSED TO
IT'S NOT LIKE THERE'S DEFINITELY GOING TO BE A MISTAKE
RIGHT?

If I was cutting this'd be no problem but...
MINE TOO.
Guh...my stomach seriously hurts
Sfx: *sharp pain*
This douche bag. All he does is show-off and brag about himself even though he has no skills or experience
WE HAVE A PROBLEM, AYAME
Our lead surgeon is this tool
(AYAME'S DUMBASS SENIOR) CHIEF PHYSICIAN OF THE CARDIO-VASCULAR DEPARTMENT HAGA JYUNICHI
※ THE CHIEF PHYSICIAN IS LIKE A CHIEF IN A REGULAR COMPANY

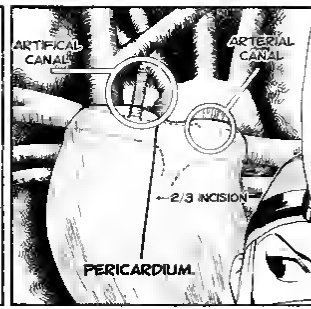
NAH
IF HE FINDS OUT WHO SHE IS...
YOUR CHIEF IS TALKING TO MIKOTO
IT'LL BE FINE
?
RECENTLY, THERE'S BEEN THIS UPSTART PEDIATRIC SURGEON WHO APPARENTLY GOT THE MSA IN AMERICA, ACTING ALL HIGH-AND-MIGHTY
Y-YES
TOUJOU MEIKO-SAN, IS IT? WHAT A BEAUTIFUL NAME. YOU'RE THE FIRST ONE HERE TO OBSERVE MY SURGERY
I WOULD KNOW, SINCE I'VE BEEN TO HARVARD
YOU KNOW, PEDIATRIC SURGEONS AREN'T EVEN A BIG DEAL IN AMERICA

I MUST HAVE PERFORMED ON AT LEAST A THOUSAND BODIES
NO, IT WAS A STUDY ABROAD
THAT GUY WORKED AT HARVARD?
YOU KNOW HOW IT GOES
THEY WERE ALL ON MICE
A THOU-SAND IS AN IMPRESSIVE AMOUNT
YEAH, THAT'S THIS GUY
HAHAHAHA
THEY HAVE NO SKILLS OR KNOW ANY ENGLISH, SO ALL THEY CAN DO IS PRACTICE ON MICE
AH YES, THOSE PEOPLE
PEOPLE WHO USE THEIR CONNECTIONS WITH THEIR UNIVERSITY MEDICAL DEPARTMENT TO STUDY ABROAD... BUT ALL THEY DO IS PRACTICE ON MICE...
I'M SURE THERE WILL BE MUCH TO LEARN FROM OBSERVING A TOP NOTCH SURGERY BY AN ADULT HEART SURGEON
ALL HE'S EVER DONE IS CUT UP MICE, BUT WHEN HE CAME BACK TO JAPAN HE STARTED BRAGGING TO EVERYONE...

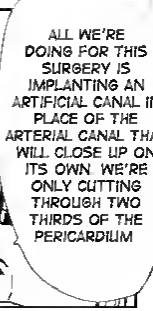
THE ONLY GOOD THING ABOUT HIM IS THAT HE'S TOO MUCH OF AN IDIOT TO BE SO CLOSE TO MIKOTO AND NOT REALIZE IT'S HIM
YOU APPEAR TO BE QUITE THE BEAUTY, BUT YOU CAN'T BECOME A GREAT SURGEON LIKE ME WITH LOOKS ALONE
WELL, IT'S NOT A BIG DEAL, BUT...
WHAT IS IT?
YES
OH, AND DR. AYAME
Listen Dr. Haga
Did he really think he'd get observers for this surgery?
This dumbass...
THERE'S ONLY ONE OBSERVER SO FAR, SO MAYBE WE SHOULD WAIT A LITTLE LONGER



It's one of the simplest of pediatric surgeries and is hardly anything new

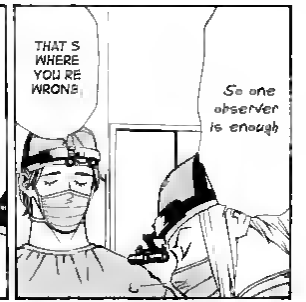


ARTIFICIAL CANAL
ARTERIAL CANAL
←2/3 INCISION→
PERICARDIUM



ALL WE'RE DOING FOR THIS SURGERY IS IMPLANTING AN ARTIFICIAL CANAL IN PLACE OF THE ARTERIAL CANAL THAT WILL CLOSE UP ON ITS OWN. WE'RE ONLY CUTTING THROUGH TWO THIRDS OF THE PERICARDIUM

WHEN THAT SAIJOU PERSON OPERATED, I HEARD THAT MANY PEOPLE CAME TO OBSERVE, EVEN THOUGH IT WASN'T AN ESPECIALLY NEW PROCEDURE.



THAT'S WHERE YOU'RE WRONG.
So one observer is enough

Hold it in
Hiyabu, can I please punch this guy?
HE'S SUCH A DECEITFUL MAN.
SHAKE

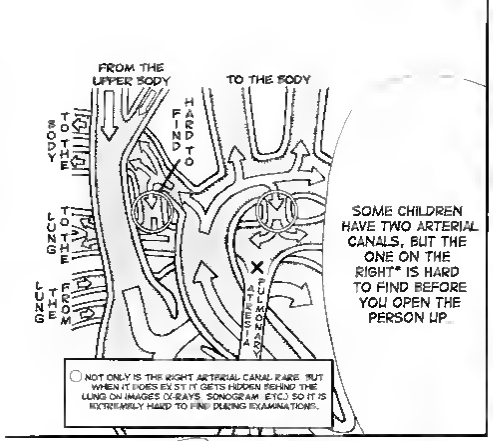
I BET HE WAS JUST SO JEALOUS OF MY SKILLS THAT HE PRESSURED THE YOUNG DOCTORS TO COME WATCH.

Hmph. In the end, only one observer came.
WE WILL NOW BEGIN THE OPERATION ON A ONE MONTH OLD WITH A PULMONARY ATRESIA
Even if it's just one person, at least someone is learning from my abilities.
SCALPEL.
Oh well.

I'll show her just how amazing a cardiovascular surgeon really is!
CUTTING THROUGH THE MIDDLE OF THE CHEST
REMOVING THE RIGHT THYMUS
Despite his loudmouth and idiocy, could he actually have above average skills?
Hmm. He's quicker than I thought.
DEBAKEY FORCEPS
Heh. his speed has surpassed his actual skills.
HAND ME THE ELECTRIC SCALPEL.
No, he's just trying to show off by speeding through. He's not being careful at all.
BRACHIOCEPHALIC TRUNK
PERICARDIUM
BEGINNING SEVERING OF THE BRACHIO-CEPHALIC TRUNK.
THE BOTTOM DIAGRAM IS A VIEW OF THE HEART WITHOUT THE PERICARDIUM. THE BRACHIOCEPHALIC TRUNK IS CIRCLED. IN THE DIAGRAM THERE ARE GAPS BETWEEN THE BLOOD VESSELS, BUT IN ACTUALITY THERE AREN'T ANY. WHEN PHOTOMINK SURGERY, IT IS NECESSARY TO PEEL THEM APART.

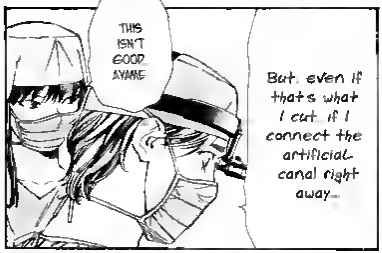
WAIT A SECOND, DR. HAGA
When it comes to surgery it's more important to do everything properly and carefully rather than quickly. But this guy..
There's something -
What's that?
Hm?
Shut up!
I SAID WAIT A SECOND!
FINISHED PEELING AWAY THE BRACHIO-CEPHALIC TRUNK
Sfxt "gush"
LOOK! THERE'S A MAJOR BLEEDING!
LIKE HELL IT IS!
The surgery is going well

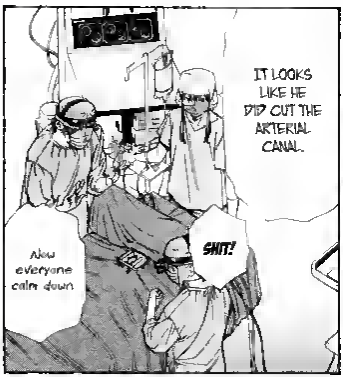
ABNORMAL BLOOD VESSEL
?
AORTA
PULMONARY ARTERY
WHILE I WAS PEELING AWAY THE BRACHIOCEPHALIC TRUNK, I HAD TO CUT AN ABNORMAL BLOOD VESSEL IT DOESN'T GO ANYWHERE IMPORTANT
OH THAT.
WHAT YOU JUST CUT ...!
IT'S TRUE THAT EXTRANEOUS BLOOD VESSELS ARE NOT SURPRISING FOR A HEART LIKE THIS, BUT...
AN ABNORMAL HEART LIKE THIS IS BOUND TO HAVE EXTRANEOUS BLOOD VESSELS LIKE THESE
LISTEN TO ME!
ANYWAYS, I'M BINDING THEM WITH A LIGATURE NOW SO BE QUIET
!?
WAS PROBABLY THE SECOND ARTERIAL CANAL!

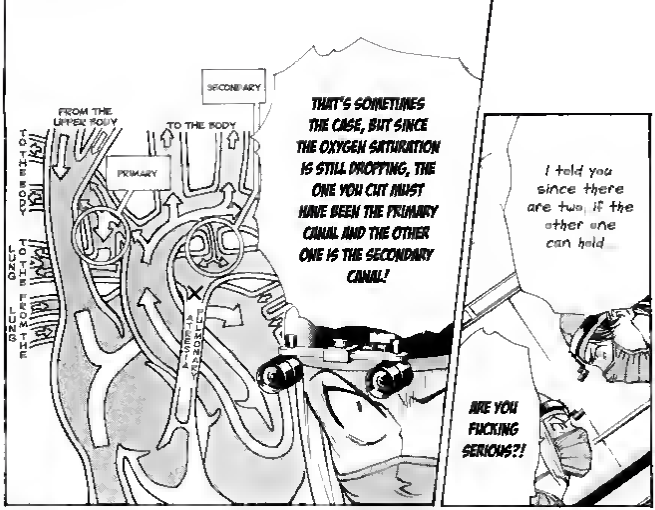


FROM THE UPPER BODY
TO THE BODY
HARD TO FIND
BODY TO THE LUNG
LUNG TO THE BODY
LUNG TO THE HEART FROM
AORTA
PULMONARY
SOME CHILDREN HAVE TWO ARTERIAL CANALS, BUT THE ONE ON THE RIGHT* IS HARD TO FIND BEFORE YOU OPEN THE PERSON UP.
NOT ONLY IS THE RIGHT ARTERIAL CANAL RARE, BUT WHEN IT DOES EXIST IT GETS HIDDEN BEHIND THE LUNG ON IMAGES (X-RAYS, SONOGRAM, ETC.) SO IT IS EXTREMELY HARD TO FIND DURING EXAMINATIONS.
YEAH!
The second arterial canal?!

TN: THE PERSON'S RIGHT, THE DIAGRAM'S LEFT







SECONDARY
FROM THE UPPER BODY
TO THE BODY
PRIMARY
THAT'S SOMETIMES THE CASE, BUT SINCE THE OXYGEN SATURATION IS STILL DROPPING, THE ONE YOU CUT MUST HAVE BEEN THE PRIMARY CANAL AND THE OTHER ONE IS THE SECONDARY CANAL!
I told you since there are two, if the other one can hold...
ARE YOU FUCKING SERIOUS?!

This can't be happening ...
No way ...
THE SECONDARY CANAL HARDLY DOES ANYTHING!

I-I didn't know. It's not my fault
DO something about this
Useless piece of shit
But now's not the time worry about him.
GET A HEART-LUNG MACHINE ASAP!
AND CALL FOR ANY CLINICAL ENGINEERS TO GET IN HERE!
OKAY!
MIYABI, HAVE YOU GIVEN HIM PROSTA-GLANDIN?!
I DID!
GOOD, THEN LOWER HIS BODY TEMPERATURE AS LOW AS YOU CAN AND...
ALREADY ON IT!

THANKS!
YOU DON'T NEED TO WORRY ABOUT MY END. YOU JUST CONCENTRATE ON YOUR PART
Thank god he's reliable!
I'VE LOWERED THE ROOM TEMPERATURE AND AM PREPARING ICE PACKS AND COOLED DOWN TRANSFUSIONS
But no matter how good he is...
Even if we do save his life, the lack of oxygen will affect his brain
CUTTING THE PERICARDIUM!
It'll take at least fifteen minutes to setup and attach the heart-lung machine.
Poor thing...

He's just a little baby...
What would he do?
What would Mikoto ...
What would.
DAMN!
IT'S NO USE, AYAME
With his help, maybe we can do this quicker ...
What's he doing?!
That's right! Mikoto!

Mi-Mikoto ?
WE WON'T MAKE IT IN TIME WITH THAT.
Is that Saijou Mikoto ?!
What did he..
MIKOTO!
I PREPARED THESE WHILE I WAS PUTTING ON MY GOWN
YEAH
WHAT DO YOU MEAN WE WON'T MAKE IT? DO YOU HAVE ANOTHER IDEA?
WAIT! ARE YOU THINKING I?
TWO INDWELLING NEEDLES AND AN IV TUBE
WE'LL STICK THESE RIGHT INTO THE HEART!

MISTAKENLY SEVERED (LIGATURED TO STOP THE BLEED NO)
AORTA
PULMONARY ARTERY
←IV TUBE
ARE YOU THINKING OF STICKING THEM INTO THE AORTA AND THE PULMONARY ARTERYTO ACT AS THE ARTERIAL CANAL?!
IF WE ATTACH THE TUBE RIGHT AWAY, WE CAN AVOID ENOUGH BLEEDING.
ARE YOU SERIOUS!? THAT'LL CAUSE A MAJOR BLEED!
Nod
Even if you succeed who knows what repercussions there'll be
BUT I CAN'T JUST LET HIM DIE
BUT ...
RIGHT NOW GETTING OXYGEN INTO THE BLOOD IS MORE IMPORTANT THAN SOME BLEEDING
He's right Mikoto
ARE YOU SURE, MIKOTO?! IF YOU MESS UP, YOU COULD LOSE YOUR MEDICAL LICENSE!

IS IT JUST BECAUSE YOU HAVE YOUR OWN CHILD NOW?
IS IT JUST THAT YOU HAVE YOUR OWN CHILD NOW?
IT'S WHEN IS IT WORSE?
THEN I DON'T NEED THEM.
HE SACRIFICED EVERYTHING TO SAVE A CHILD

"You know what we need?"

"Yeah...a **REALLY NICE** cleaner..."

We are currently recruiting cleaners for Nononono. Not just any cleaners, but cleaners who can redraw. We are also looking for typesetters.
